READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Effective Dates of Statutes

The effective dates specified previously for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the *Pennsylvania Consolidated Statutes* provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the Laws of Pennsylvania are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the Laws of Pennsylvania to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, State Records Center Building, 1825 Stanley Drive, Harrisburg, PA 17103, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

**WRIT OF EXECUTION—ATTACHMENT
NOTICE**

This paper is a writ of execution—attachment. It has been issued because there is a judgment against you. It may cause your personal earnings, including wages, to be taken to pay the judgment. You may have legal rights to prevent your earnings from being taken. A lawyer can advise you more specifically of these rights. If you wish to exercise your rights, you must act promptly.

The law provides that earnings, including wages, cannot be taken under certain circumstances. There are exemptions which may be applicable to you.

If you believe your earnings should be exempt, you should do the following promptly: (1) Fill out the attached claim form and demand for a prompt hearing. (2) Deliver the form or mail it to the Sheriff's Office at the address noted.

You should come to court ready to explain your exemption. If you do not come to court and prove your exemption, a portion of your earnings will be attached, deducted and paid toward satisfaction of the judgment.

YOU SHOULD TAKE THIS PAPER TO YOUR LAWYER AT ONCE. IF YOU DO NOT HAVE A LAWYER OR CANNOT AFFORD ONE, GO TO OR TELEPHONE THE OFFICE SET FORTH BELOW TO FIND OUT WHERE YOU CAN GET LEGAL HELP.

RULES AND REGULATIONS

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CH. 115]

Public Adjuster Contracts and Licensing

The Insurance Department (Department) amends Chapter 115 (relating to public adjuster contracts and licensing requirements) to read as set forth in Annex A.

Statutory Authority

The final-form rulemaking is adopted under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412); and under the specific statutory authority of sections 1—8 of the act of December 20, 1983 (P. L. 260, No. 72) (63 P. S. §§ 1601—1608) (act).

Purpose

Chapter 115 was promulgated in 1980 under the authority of a prior statute. The current authorizing statute was enacted in 1983. The Department is amending Chapter 115 for consistency with the current statute and to more effectively regulate the licensing and conduct of public adjusters and public adjuster solicitors.

Comments and Response

Notice of proposed rulemaking was published at 32 Pa.B. 609 (February 2, 2002) with a 30-day comment period. During the 30-day comment period, comments were received from the Insurance Federation of Pennsylvania, Inc. (IFP), the Pennsylvania Association of Mutual Insurance Companies (PAMIC) and the Pennsylvania Association of Public Insurance Adjusters (PAPIA).

During its regulatory review, the Independent Regulatory Review Commission (IRRC) submitted comments to the Department. The following is a response to those comments.

General Comments

The IFP generally supported the Department's specification of the licensing requirements for public adjusters and public adjuster solicitors in §§ 115.11—115.21 (relating to licensing requirements). However, the IFP recommended that the chapter be amended to require specific training and testing in estimating, general business practices, home and building construction, renovation, repairs, repair contracting practices and conditions, appraisals of real and personal property, knowledge of the restrictions of the act and the contracting practices and prohibited activities specified in the chapter.

The Department, in overseeing the licensure tests that public adjusters and public adjuster solicitors are required to pass, considers the majority of the areas mentioned by the IFP, including licensing requirements, disciplinary actions, claim settlement law and regulations, loss valuation, claims adjustment procedures and general principles of all types of property and casualty insurance. According to Experior, the Department's testing provider, for the period of April 1, 2001, to December 31, 2001, a total of 189 examinations for public adjuster and public adjuster solicitor were given to 131 candidates. The first time pass ratio was 47.4 %, with an overall pass ratio of 42.3%. These numbers are considerably lower than the pass ratio for life and health insurance agents'

examinations and only slightly higher than the pass ratio for property and casualty insurance agents' examinations. The Department believes that a passing grade on the current examination is sufficient to demonstrate knowledge in the areas mentioned by the IFP.

The IFP also suggested that there should be few, if any, exceptions to the requirements for passing an examination. The IFP questioned the rationale under proposed § 115.12 (relating to waiver of examination for resident applicants) for excusing someone whose license has expired from taking a new test. In addition, the IFP opposed reciprocity under § 115.13 (relating to examination requirements for nonresident applicants) unless the same degree of expertise is required under the other state's laws.

After considering the comments of the IFP, the Department has deleted § 115.12 from the final-form rulemaking and has appropriately renumbered the sections after § 115.12. The Department has not implemented the IFP's proposed restrictions on licensing nonresident public adjusters. Section 2 of the act (63 P. S. § 1602(c)(1)) sets forth the conditions under which the Insurance Commissioner may waive examination for nonresident applicants. None of the exceptions permit the Commissioner to examine whether the same degree of expertise is required of applicants for licensure in the other state or province. Reference to waiver of examination was deleted in § 115.17(1) (no longer in § 115.16) and changed in § 115.17(2) (now § 115.16(1) (relating to general application requirements)).

The IFP repeated the suggestion contained in its 1996 submission that the regulations impose a continuing education requirement on public adjusters. The IFP believes that there are continuing developments in repair techniques, building materials and changes in building codes and restrictions, and that a continuing education requirement would help protect the public from unknowledgeable adjusters. In addition, the IFP stated that public adjusters are not subject to the Commonwealth's bad faith statute, 42 Pa.C.S. § 8371 (relating to actions on insurance policies), that authorizes a court to award interest, punitive damages, court costs and attorney fees against an insurer. Therefore, an insured that uses a public adjuster has no action for bad faith against the public adjuster or the public adjusting firm.

The Department does not believe that any provision in the act empowers the Department to require continuing education. This is in contrast to other licensing statutes located in Title 63 of the *Purdons Statutes* that do require continuing education. See for example, 63 P. S. § 455.404a (real estate agents); 63 P. S. § 479.10 (funeral directors); and 63 P. S. § 625.507 (chiropractors).

Both the IFP and the PAMIC, on behalf of their members, suggested that the Department require that contracts between public adjusters and insureds contain a conspicuous fraud warning. The IFP suggested that the fraud warning place an equal burden on public adjusters and insureds and include the insurance fraud notice language required by the Commonwealth's insurance fraud statute, 18 Pa.C.S. § 4117(a)(3) (relating to insurance fraud).

The Department has not implemented this change because it believes that this issue is better addressed to the Attorney General's Office, Insurance Fraud Unit. Further, the Department believes that any fraud commit-

ted by public adjusters is sufficiently addressed in the statute, which allows the Department to revoke, suspend or impose civil penalties on a public adjuster who commits fraudulent practices. See section 6 of the act (63 P. S. § 1606(a)(12)). Nothing in this final-form rulemaking prohibits insurers from including a fraud warning in any correspondence that they may send to either their insured or a public adjuster.

The PAMIC suggested that § 115.3 (relating to additional procedures) be amended to require that a copy of the public adjuster contract be supplied to the insurer at the inception of the adjustment process. The PAMIC believes that bilateral disclosure would put public adjusters and insurers on the same footing because public adjusters routinely request copies of all insurance policies that may be pertinent to the claim being adjusted.

Under section 5 of the act (63 P. S. § 1605(a)), the Department requires that public adjusters submit copies of any contract forms for approval by the Department prior to being used with insureds. Once the Department approves a contract form, the public adjuster cannot substantially alter the contract form in any way without violating section 5 of the act. However, public adjusters may change the percentage and amount that they charge insureds on a case-by-case basis. The Department does not believe that requiring that insurers be notified of the terms and conditions of public adjuster contracts would noticeably enhance the consumer protections already mandated by the statute. Therefore, this suggested change was not incorporated into the final-form rulemaking.

The PAMIC also questioned use of the term "verbally" in § 115.3(a)(1), believing that the term "orally" is more clear and would prevent misunderstandings.

The Department was cognizant of the difference in meaning between "verbally" and "orally" in preparing the final-form rulemaking. The Department believes that the term "orally" does not adequately address situations when speech cannot be used for communication, such as signing to a hearing impaired person. The Department believes that the term "verbally," as used here, is stronger and more accurate than the term "orally" suggested by the PAMIC, and is leaving the term unchanged in the preparation of the final-form rulemaking.

The IFP recommended that solicitation of clients by public adjusters be addressed in two ways. First, the IFP suggested that the Department extend that statutory 24 hour "cooling off period" to 72 hours to ensure that consumers may make a more informed decision on whether or not to retain a public adjuster. Second, the IFP suggested that deceptive solicitations, solicitations under false pretense (like employment offers), and solicitations initiated by unrelated third parties, being compensated by public adjusters, be defined as activities which demonstrate untrustworthiness for continued licensure under section 6(a)(13) of the act.

As to extending the statutorily required "cooling off" period, the Pennsylvania Supreme Court has ruled that the 24-hour period required by statute, section 5(a) of the act, is unconstitutional. See *Insurance Adjustment Bureau v. Insurance Com'r for Com. of Pa.*, 542 A.2d 1317 (Pa. 1988). Therefore, the Department believes that the 72-hour period recommended by the IFP would not be lawful. As to the specification of certain types of "deceptive" solicitations as evidence of untrustworthiness, the Department interprets the statute as requiring that public adjusters take all actions in a competent and trustworthy

manner. See section 6(a)(13) of the act. If specific problems occur, the Department is prepared to review the fitness of the public adjuster for continued licensure through the Department's complaint process or through an investigation by the Department's Bureau of Enforcement. Therefore, these recommendations were not incorporated into the final-form rulemaking.

The IFP stated that its member companies have encountered public adjusters who restrict inspection of damaged property to their own schedule, resulting in significant delay and exposing insurers to potential bad faith claims for untimely claims handling. The IFP suggested that the final-form rulemaking should prohibit this type of behavior and characterize it as incompetent or untrustworthy. The IFP stated that prompt inspection of property allegedly damaged or injured assures the preservation of evidence and expedites the adjustment of the claim to the insured's benefit.

The Department does not believe that any provision in the act empowers public adjusters to restrict insurers' ability to inspect insured property at the earliest opportunity. However, the insureds, who have engaged a public adjuster to help settle their claims, may want that public adjuster to be present at any inspection. This is the insureds' decision. The Department does, however, have the authority to investigate any misconduct by public adjusters in this regard and to take appropriate enforcement action.

Both the IFP and the PAMIC suggested that the Department clarify the regulations to prohibit the unauthorized practice of law by public adjusters, including citing legal precedent in communications, preventing insurers from speaking directly with insureds, dissuading or attempting to dissuade insureds from speaking directly with their insurers about the settlement or processing of a claim or taking another action designed to interfere with insurer/insured communication.

Commonwealth law already prohibits any person from the unauthorized practice of law and authorizes the imposition of criminal sanctions. See 42 Pa.C.S. § 2524 (relating to penalty for unauthorized practice of law). The Department believes that the words "any person" in the current statute are broad enough to cover public adjusters. In *Dauphin County Bar Ass'n v. Mazzacarro*, 351 A.2d 229 (Pa. 1976), the Pennsylvania Supreme Court held, under a previous version of the act, that a public adjuster had committed the unauthorized practice of law. The Department also believes that there is nothing in the regulation or statute that permits a public adjuster to practice law or to prevent or attempt to dissuade insureds from speaking with their insurers directly. The changes suggested by the PAMIC and the IFP were not incorporated into the final-form rulemaking.

The PAPIA raised concerns relating to the requirement of a maximum fee of 50% in public adjuster contracts. The PAPIA felt that the percentage was excessive and not in the best interest of public adjusters or their clients. The PAPIA stated that a cap of 20% would be fair and equitable. The PAPIA also stated that notice of cancellation in a bottom tear-off section should be sufficient without reiterating the right to cancel language in the body of the contract.

There appears to have been a misperception that the Department limits the fees that public adjusters may recover. The Department does not have this statutory authority when it pertains to public adjusters. In the past, many public adjusters have asked for a copy of a

sample contract and the Department did provide a sample that used the 50% figure as an example. Over the years, many public adjusters have used this sample contract verbatim and therefore an "unofficial" commission capping of 50% has evolved. More recently, the Department has been using the sample form; however, the basis for approval or disapproval of public adjuster contracts is whether the contract complies with the act and the regulations. The current regulation specifically states in § 115.2(4) (relating to contents of public adjuster contracts, minimum standards) "All public adjuster contracts shall contain the following minimum information . . . the consideration, expressed as a percentage and as a maximum amount." The Department has clarified the language in this section to help clarify this section. Also, the Department wants a notice for the insured's right to cancel to appear in the contract. It does not matter if this is a tear off section on the bottom of the contract, contained in the body of the contract, or at the beginning of a contract. If the contract meets the conditions stipulated in § 115.2, relating to contents of public adjuster contracts, minimum standards, and has not added ambiguous language or contradictory language to the contract then the Department would consider the contract to be in compliance with the regulation.

The IFP, the PAMIC and IRRC encouraged the Department to strengthen the final-form rulemaking so as to more completely fulfill its statutory responsibility to regulate this activity. More specifically, IRRC stated that first, commentators had suggested that the final-form rulemaking should include specific provisions and procedures for revocation or suspension of a license or for imposition of fines. These provisions are contained in section 6(a) of the act. For increased clarity, IRRC suggested that the Department consider retaining § 115.7 (relating to penalties) and adding a similar section which references the provisions of the act dealing with revocation and suspension.

IRRC also stated, that second, the Department has the statutory authority based on section 6 of the act and section 8 of the act (63 P.S. § 1608) to impose further consumer protections on public adjusters. Therefore, IRRC believes that the regulation's consumer protection could be enhanced by adding:

- (1) A deadline for public adjusters to provide notification to the insurer of the public adjuster's representation to facilitate the processing of claims.
- (2) A set time frame of 3 business days for public adjusters to communicate any settlement offers from an insurer to an insured in writing within 3 business days so that the insured is made aware of all of the options.
- (3) A requirement that public adjusters should reply to any written or oral communication from an insurer with respect to a claim within 7 business days of receiving it if the communication solicits a reply to ensure that the claim process continues with limited interruptions.
- (4) Criteria stating that public adjusters, who do not respond to communications, should be deemed to be demonstrating incompetency or untrustworthiness. This is consistent with section 6(a)(13) of the act.

The Department has adopted, in large part, the suggestions of IRRC, the PAMIC and the IFP in preparing the final-form rulemaking. The Department has decided to retain existing § 115.7. The Department has also added references to the Unfair Insurance Practices Act (40 P.S. §§ 1171.1—1171.15) to clarify that sanctions may be imposed if a public adjuster engages in a pattern or

practice of unlawful conduct or commits a single flagrant violation of the Unfair Insurance Practices Act. The Department has also added new § 115.9 (relating to additional consumer protections), additional consumer protections. Under this section, the Department is allowing 5 business days for a public adjuster to notify an insurer of the public adjuster's representation to facilitate claims processing. The public adjuster will also be allowed 5 business days to convey any settlement offers to the insured and must reply within 5 business days to any written communication from an insurer that requires a response. A 5 day period is used throughout this section for the sake of consistency. In addition, repeated failure to respond within the specified time period in § 115.9(c) could be considered a pattern or practice in determining whether sanctions under § 115.7 are appropriate. Also, in the definition section, the Department is not deleting the term "business day." As the Department is accepting that business days are more appropriate than calendar days, the Department believes that the term needs to remain in the final-form rulemaking.

IRRC and the IFP wanted consistency with the *Pennsylvania Bulletin*. They stated that the version that was printed in the *Pennsylvania Bulletin* was not the same as the version submitted to IRRC and the committees. IRRC wanted the Department to correct references in the text of § 115.11 to "subsections (b) and (c)" and of § 115.12 to "subsection (a)."

When the Department submitted the proposed rulemaking to IRRC and the committees of the Senate and House, the licensing section was only one section with many subsections. The Legislative Reference Bureau in reformatting the long section into smaller sections created a reference that was nonexistent. The Department has made the appropriate corrections.

IRRC also wanted the Department to clarify the terms "active office" and "active partner." More specifically, the phrase "who holds a current public adjuster license and" appears in the text of both definitions. The act and proposed §§ 115.17 and 115.21 (relating to general application requirements; and partnership or corporation application procedures) contain the requirements for licensure of active officers and active partners. Because these individuals are required to obtain a license, IRRC believed that the phrase noted should be deleted from both definitions in the final-form rulemaking.

The Department has reviewed the suggestion and agrees that the phrase "who holds a current public adjuster license" is redundant. Accordingly, the Department has eliminated the phrase from definitions of both "active officer" and "active partner." The Department has further altered the definitions by replacing "a person" with "an individual." The Department did this to be consistent with language that will be in the Producer Licensing Model Act (currently SB 962). Also, the term "person," as defined in section 601 of The Insurance Department Act of 1921 (40 P.S. § 231), includes "an individual, corporation, partnership . . ." and the intent of the Department is to only include individuals.

IRRC wanted clarification in § 115.2. More specifically, subsection (a)(4) provides that the adjusters contract to include "The consideration expressed as a percentage of any payment to be received on the negotiated claim, and as a maximum dollar amount." (Emphasis added.) IRRC and the PAPIA suggested that the word "and" be replaced by the word "or."

Also, subsection (b)(3) provides that the public adjuster contract may not impose "unreasonable late fees or

collection costs on the insured." IRRC wanted the Department to provide examples of what the Department considers "unreasonable" with regard to late fees or collection cost.

The Department has modified § 115.2(a)(4) by substituting the term "or" for the term "and" in that subsection. In regards to the term "unreasonable" found in § 115.2(b)(3), the Department concurs that this term is subjective. Rather than muddying the regulation with examples that remain subjective and may not give clear guidance, the Department has deleted the term "unreasonable." This allows for greater consumer protection. The Department also believes that when checks for claims are issued in both the insured's name and the public adjuster's name, the issue of the proper amount of late fees or collection costs becomes moot. This does not preclude a public adjuster from collecting fees associated with reasonable and necessary emergency out-of-pocket expenses or services which were paid for or incurred by the public adjuster to protect the interests of the insured during the period preceding cancellation as described in § 115.2(a)(7), relating to the notice of cancellation.

IRRC questioned whether "15 calendar days" after receipt of the cancellation notice was a reasonable time period for a public adjuster to fulfill the requirements found in § 115.3.

The Department has determined, for consistency, to use business days in lieu of calendar days. Section 115.3 has been modified to now reflect "15 business days." The term "business days" is now used throughout the final-form rulemaking.

IRRC also asked for clarity in § 115.11. IRRC stated that this section requires applicants to "successfully complete an examination, except as provided for in subsections (b) and (c)." Applicants seeking a license shall apply for examination directly to the testing facility. It is not clear where the applicant may obtain an examination or how the applicant will contact the testing facility. To add clarity to this section, the Department could cross reference § 115.15(5) (now § 115.14(5)), which provides the pertinent information.

The Department has no problem with IRRC's suggestion and has added "See § 115.14 (relating to administration of examination)" to the final-form rulemaking.

IRRC requested that the Department clarify what documents or information the Department was willing to accept for a nonresident applicant for a license to "pass the appropriate examination if unable to produce documentation from the confirming regulatory authority..." in § 115.13.

The Department has replaced the term "documentation" with "a license or letter of certification of licensure" to proposed § 115.13 (now § 115.12). This should clarify the requirements.

IRRC wanted clarification to § 115.15 (relating to administration of examination). IRRC stated that this section requires an eligible delegatee to adhere to certain standards. Paragraph (2) states "Testing may be conducted in locations throughout this Commonwealth and other designated locations." IRRC had two concerns. First, if the Department requires the eligible delegatee to offer exams throughout this Commonwealth, then the word "may" should be replaced with the word "shall." Second, what "other designated locations" would not be located in this Commonwealth? The Department should provide examples of "other designated locations" in the final-form rulemaking or delete the phrase.

The Department also clarified that in proposed § 115.13 only a resident applicant needs to maintain a business or legal address in this Commonwealth. As previously written, this would have excluded a nonresident from applying if the nonresident is not able to meet the requirements in final-form § 115.12.

The Department has changed the word "may" to "shall." The Department has also added to proposed § 115.15(2) (now § 115.14(2)) the following language, "examples of other designated locations include testing facilities that the administrator of testing may have in other states, or internet testing offered by the administrator." The Department has also added § 115.14(6) which states "location of the testing facilities is available on the Department's website at www.insurance.state.pa.us or upon request from the Department." The Department contracts for the administration of testing using the Request for Proposal method. As the administrator may change over a period of time, and from contract to contract, this new language alleviates any concern that applicants could contact the wrong party to obtain information on where testing facilities are located. The Department has also changed the term "delegee" to the more appropriate "delegatee."

Affected Parties

The final-form rulemaking applies to public adjusters and public adjuster solicitors doing the business of public adjusting in this Commonwealth.

Fiscal Impact

State Government

There will be no increase in cost to the Department due to the adoption of the Chapter 115.

General Public

There will be no fiscal impact to the public.

Political Subdivisions

The final-form rulemaking will not impose additional costs on political subdivisions.

Private Sector

The final-form rulemaking will not impose additional costs on public adjusters doing the business of public adjusting in this Commonwealth.

Paperwork

The adoption of the final-form rulemaking will not impose additional paperwork on the Department or the insurance industry or the public adjusters.

Effectiveness/Sunset Date

The final-form rulemaking becomes effective upon publication in the *Pennsylvania Bulletin*. No sunset date has been assigned.

Contact person

Questions regarding this final-form rulemaking should be directed to Peter J. Salvatore, Regulatory Coordinator, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429, fax (717) 772-1969, psalvatore@state.pa.us

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on November 7, 2002, the Department submitted a copy of the notice of proposed rulemaking, published at 32 Pa.B. 609, to IRRC and to the Chairper-

sons of the House Insurance Committee and the Senate Banking and Insurance Committee for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing this final-form rulemaking, the Department has considered the comments received from IRRC, the Committees and the public.

Under section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), on November 27, 2002, this final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on December 12, 2002, and approved the final-form rulemaking.

Findings

The Commissioner finds that:

(1) Public notice of intention to adopt this final-form rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this final-form rulemaking in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Commissioner, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 31 Pa. Code Chapter 115, are amended by amending §§ 115.1—115.3, 115.7 and 115.8; by deleting §§ 115.5 and 115.6; and by adding §§ 115.11—115.21 to read as set forth in Annex A.

(b) The Commissioner shall submit this order and Annex A to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law.

(c) The Commissioner shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The rulemaking adopted by this order shall take effect upon final-form publication in the *Pennsylvania Bulletin*.

M. DIANE KOKEN,
Insurance Commissioner

(*Editor's Note:* For the text of the order of the Independent Regulatory Review Commission, relating to this document, see 32 Pa.B. 6428 (December 28, 2002).)

Fiscal Note: 11-146. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 31. INSURANCE

PART VII. PROPERTY, FIRE AND CASUALTY INSURANCE

CHAPTER 115. PUBLIC ADJUSTER CONTRACTS AND LICENSING REQUIREMENTS

GENERAL

§ 115.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The act of December 20, 1983 (P. L. 260, No. 72) (63 P. S. §§ 1601—1608).

Active officer—An individual designated by the corporation as an officer of record for the public adjuster agency license.

Active partner—An individual designated by the partnership as a partner of record for the public adjuster agency license.

Business day—A day other than a Saturday, Sunday or holiday.

Commissioner—The Insurance Commissioner of the Commonwealth.

Execution date—The date that a public adjuster contract has been signed by all parties.

Insurance company—An insurance company, association or exchange authorized to transact insurance business in this Commonwealth.

Resident—A person whose business address or legal residence is located in this Commonwealth.

§ 115.2. Contents of public adjuster contracts, minimum standards.

(a) A public adjuster contract shall contain, at a minimum, the following information:

(1) The title of the contract to read: Public Adjuster Contract.

(2) The name, business name, address and telephone number of the public adjuster.

(3) The name and address of the insured.

(4) The consideration expressed as a percentage of any payments to be received on the negotiated claim, or as a maximum dollar amount.

(5) A space provided for the execution date (month, day, year) of the contract.

(6) A space provided for the signature of the insured and the public adjuster.

(7) A provision setting forth the insured's right to cancel, which shall be printed in prominent type on the first page of the public adjuster contract in substantially the following form:

Notice of Right to Cancel

You, the insured, may cancel this contract at any time prior to midnight of the fourth business day after the execution date of this contract. If you exercise your right to cancel this contract, you will be liable for reasonable and necessary emergency out-of-pocket expenses or services which were paid for or incurred by the public adjuster to protect the interests of the insured during the period preceding cancellation.

If you cancel this contract, anything of value given by you under the contract will be returned to you within 15 business days following the receipt by the public adjuster of your cancellation notice, and any security interest arising out of the contract will be cancelled.

To cancel this contract, mail, fax or deliver in person a signed and dated copy of this notice or any other written notice, indicating your intent to cancel and the date thereof to (name of public adjuster) at

(business address of public adjuster) not later than midnight of (date).

I hereby cancel this contract.

(Date)

(Insured's signature)

(b) A public adjuster contract may not contain any contract term that:

(1) Allows the public adjuster's fee to be collected when money is due from an insurance company, but not paid, or that allows a public adjuster to collect the entire fee from the first check issued by an insurance company, rather than as percentage of each check issued by an insurance company.

(2) Requires the insured to authorize an insurance company to issue a check only in the name of the public adjuster.

(3) Imposes late fees or collection costs on the insured.

§ 115.3. Additional procedures.

(a) Each insured shall be:

(1) Verbally informed by the public adjuster at the time of signing the contract of the right to cancel.

(2) Furnished with a copy of the executed public adjuster contract.

(b) Before furnishing the approved notice to the insured setting forth the insured's right to cancel the contract, the notice shall be completed by entering the name of the public adjuster; the address of the public adjuster's place of business; the execution date of the contract; and the date, not earlier than the fourth business day following the execution date of the contract, by which the insured may give notice of cancellation.

(c) The cancellation period provided for in this chapter may not begin until the insured has been informed of the insured's right to cancel and has been provided with the approved notice setting forth the insured's right to cancel.

(d) Within 15 business days after the receipt of the cancellation notice, the public adjuster shall:

(1) Refund payments made under the contract.

(2) Cancel and return negotiable instruments executed by the insured in connection with the contract.

(3) Take action necessary or appropriate to promptly terminate any security interest created under the contract.

(e) A contract may not be negotiated, transferred, sold or assigned by the public adjuster to a finance company or other third party prior to midnight of the fifth business day following the execution date of the contract.

(f) If an insured exercises the insured's right to cancel the contract, the insured shall be liable for reasonable and necessary emergency out-of-pocket expenses or services which were paid for or incurred by the public adjuster during the period preceding cancellation.

§ 115.5. (Reserved).

§ 115.6. (Reserved).

§ 115.7. Penalties.

A violation of this chapter will be subject to penalties set forth in:

(1) Section 6 of the act (40 P.S. § 1606), regarding revocation, and the like, of license.

(2) Section 7 of the act (40 P.S. § 1607), regarding violations.

(3) Section 8 of the act (40 P.S. § 1608), regarding administration and enforcement.

(4) The Unfair Insurance Practices Act (40 P.S. §§ 1171.1—1171.15), if the public adjuster:

(i) Demonstrates a pattern or practice of violating this chapter.

(ii) Commits a single violation of this chapter, that is so flagrant in nature as to warrant sanctions.

§ 115.8. Filing and approval of contracts.

Applications for licensure and contract forms shall be submitted to the Insurance Department, Bureau of Producer Services, for filing and approval by the Commissioner.

§ 115.9. Additional consumer protections.

A public adjuster shall:

(1) Notify the insurer, within 5 business days of the execution date of the contract, of the public adjuster's representation to facilitate the processing of claims.

(2) Communicate in writing, to the insured, within 5 business days, all settlement offers from an insurer so that the insured is made aware of all the options.

(3) Reply to written communications from an insurer, with respect to a claim, in writing within 5 business days, only if the communication from the insurer requires a response.

LICENSING REQUIREMENTS

§ 115.11. Examination requirement.

Applicants for public adjuster and public adjuster solicitor licenses shall be required to successfully complete an examination, except as provided for in § 115.12 (relating to examination requirements for nonresident applicants). Applicants seeking a license shall apply for examination directly to the testing facility. See § 115.14 (relating to administration of examination).

§ 115.12. Examination requirements for nonresident applicants.

A nonresident applicant for a license shall:

(1) Submit, along with the application, a letter or other official document from the regulatory authority of the jurisdiction where the applicant holds a license, confirming the applicant's licensure in good standing for the same type of license for which application is being made with the Department, whether qualification is under a written examination or whether licensure preceded the requirement of a written examination.

(2) Be subject to reciprocal agreements between the Department and the regulatory authority of the confirming jurisdiction.

(3) Be required to pass the appropriate examination if unable to produce a license or letter of certification of licensure from the confirming regulatory authority which is satisfactory to the Department.

§ 115.13. Qualifications for examination.

An individual, or officer of a corporation, partner in a partnership or member of an association, who is 18 years of age or older, who can read and write in the English language and, for a resident applicant, who maintains a

bona fide business office or legal residence in this Commonwealth, may take a public adjuster/public adjuster solicitor examination upon payment of the applicable fee and submission of an application form.

§ 115.14. Administration of examination.

The Commissioner may delegate to a person or corporation, by contract, the authority for administering and scoring examinations. An eligible delegatee shall guarantee to adhere to the following standards:

(1) Examinations shall be offered at regular intervals at least 12 times each year.

(2) Testing shall be conducted in locations throughout this Commonwealth and other designated locations. Examples of other designated locations include testing facilities that the administrator of testing may have in other states, or Internet testing offered by the administrator.

(3) Test security shall be strictly maintained, and a set of security rules shall be developed by the testing facility, which shall be approved by the Commissioner.

(4) Bias or favoritism towards an applicant will not be permitted by the testing facility.

(5) The testing facility shall develop a comprehensive brochure describing, at a minimum, applicable fees, the nature of examination questions and providing sample questions. The brochure shall be distributed to an applicant at the time of registration for examination or, upon request, at any other reasonable time.

(6) The location of the testing facilities is available on the Department's website at www.insurance.state.pa.us or upon request from the Department.

§ 115.15. Scope of examination.

Examinations shall be designed by the testing facility to test the adequacy of an applicant's knowledge of general principles of insurance, insurance laws of the Commonwealth and the business of adjusting losses.

§ 115.16. General application requirements.

Applicants for a license shall follow the following procedures:

(1) An active officer of a corporation, active partner in a partnership or member of an association shall be required to take a written examination unless the requirement is waived under § 115.12 (relating to examination requirements for nonresident applicants) or unless the active officer, active partner or member is a currently licensed public adjuster.

(2) Persons who have passed the examination may apply to the Department for a license. The applicant shall attach a certification from the testing facility attesting that the applicant passed the examination. The certification from the testing facility is not required if the testing facility reports test scores directly to the Department.

(3) Test scores and results remain valid for 1 year from the date of the examination. Applications received with test results in excess of 1 year will be denied.

§ 115.17. Completion of application and renewal application forms.

Public adjusters and public adjuster solicitors shall complete application and renewal forms fully and accurately, and shall submit the required fees. Those applications and renewal forms submitted to the Department which are not complete and accurate or accompanied by required fees, will be returned for correction together

with written notice of the reason for the return of the applications or renewal forms.

§ 115.18. Application procedures for individual persons.

(a) An individual shall complete the application for an initial license. Accompanying the application shall be:

(1) The appropriate application fee.

(2) A bond as required by statute.

(3) A receipt from the surety stating that the premium has been paid in full on the bond.

(4) A copy of the contract to be used in this Commonwealth.

(b) An applicant for a public adjuster solicitor license shall also obtain and present with the application a letter of intent from a licensed public adjuster to employ the applicant as a public adjuster solicitor.

(c) Applications shall be subscribed and sworn to before a notary public.

(d) Applications executed more than 3 months prior to the date of filing with the Department will not be accepted.

(e) Making a false statement in an application may constitute a ground for license denial or revocation.

(f) Initial licenses will be valid as of the date issued by the Department until the expiration date stated on the license, unless earlier revoked by the Commissioner.

(g) Before a license is granted, the applicant shall first answer and submit, in writing and under oath, interrogatories on forms prepared by the Department.

(h) When the Commissioner is satisfied that the applicant is worthy of a license, and that the applicant has passed the examination or qualified for a waiver, and has paid any appropriate fees, the Commissioner will issue a license stating that the licensee has been authorized by the Department to transact business as a public adjuster or public adjuster solicitor within this Commonwealth.

§ 115.19. Denial of application.

The applicant may be denied a license for any of the following reasons. The applicant:

(1) Has provided incorrect, misleading or incomplete answers to interrogatories on forms incidental to applying for a license.

(2) Has been denied a license or has had an existing license revoked, suspended or not renewed by the Department or a regulatory authority in another state, territory or possession of the United States, or in the District of Columbia, or the Canadian provinces.

(3) Does not possess the professional competence and trustworthiness required to engage in the business of being a public adjuster or public adjuster solicitor.

(4) Has pleaded guilty, entered a plea of nolo contendere or has been found guilty of a felony in a court of competent jurisdiction, or has pleaded guilty, entered a plea of nolo contendere, or been found guilty of criminal conduct which relates to the applicant's suitability to engage in the business of being a public adjuster or public adjuster solicitor.

(i) Examples of criminal violations which the Department may consider related to the applicant's suitability to engage in the business of being a public adjuster or public adjuster solicitor including unlawful practices as set forth in sections 6(a)(1)–(3), (5)–(7) and (12) of the act (63

P. S. § 1606(a)(1)—(3), (5)—(7) and (12)), embezzlement, obtaining money under false pretenses, conspiracy to defraud, bribery or corrupt influence, perjury or false swearing, unlicensed activity or a criminal offense involving moral turpitude or harm to another.

(ii) Examples of violations or incidents which the Department will not consider related to the applicant's suitability to engage in the business of being a public adjuster or public adjuster solicitor are all summary offenses, records of arrests if there is no conviction or a crime based on the arrest, convictions which have been annulled or expunged or convictions for which the applicant has received a pardon from the Governor.

(5) Fails to comply with the insurance-related provisions in sections 320 and 603(a) of the Violent Crime Control and Law Enforcement Act of 1994 (18 U.S.C.A. §§ 1033 and 1034), if applicable.

(6) Has unpaid and overdue amounts, including fees and civil penalties, owing to the Department.

§ 115.20. Partnership or corporation application procedures.

Procedures for partnerships or corporations are as follows:

(1) Partnerships or corporations shall apply for licensure using the appropriate licensing application form. The form shall be signed in the name of the partnership or corporation by each active partner or active officer, and be accompanied by the appropriate licensing application form for each active partner or active officer who is not currently licensed. Accompanying the licensing application shall be:

- (i) The appropriate application fee.
 - (ii) A bond as required by statute.
 - (iii) A receipt from the surety stating the premium has been paid in full on the bond.
 - (iv) A copy of the contract to be used in this Commonwealth.
 - (v) A copy of the articles of incorporation as filed with the Department of State, Corporation Bureau.
 - (vi) A copy of the public adjuster license of each active partner or active officer, if applicable.
- (2) Employees of partnerships and corporations who apply for a license shall apply in their individual capacity.
- (3) The worthiness of a partnership or corporation is determined by the worthiness of the active partner or the active officer.
- (4) The application shall be subscribed and sworn to before a notary public.
- (5) Applications executed more than 3 months prior to the date of filing with the Department will not be accepted.

(6) Making a false statement in an application may constitute a ground for license denial or revocation.

(7) Initial licenses will be valid as of the date issued by the Department until the expiration date stated on the license, unless earlier revoked by the Commissioner.

(8) Before a license is granted, the applicant shall first answer and submit, in writing and under oath, interrogatories on forms prepared by the Department. When the Commissioner is satisfied that the applicant is worthy of a license and has paid any appropriate fees, the Commissioner will issue a license stating that the licensee has

been authorized by the Department to transact business as a public adjuster or public adjuster solicitor within this Commonwealth.

§ 115.21. Renewal of license.

License renewal procedures are as follows:

(1) Mailing of a license renewal form to the last known address of the licensee will satisfy the Department's obligation to provide the appropriate forms and notices.

(2) A license can be renewed only upon submission, electronic or otherwise, of a completed renewal form, payment of the required fees and an attestation or a receipt from a surety stating the premium on the bond, as required, has been paid in full.

(3) Licenses shall be renewed annually on the anniversary of the effective date of the initial license.

(4) Corporations shall provide to the Department the names of each active officer with the renewal form to be eligible for license renewal. Partnerships shall provide to the Department the names of each active partner with the renewal form to be eligible for license renewal.

(5) Failure to complete and submit the renewal form and required fee by the expiration date shall be deemed voluntary termination by the public adjuster or public adjuster solicitor. Failure to correct and resubmit application renewal forms returned by the Department under this section, prior to the expiration date of the license, or within 15 days of the date the forms were mailed by the Department, whichever is greater, will be deemed voluntary termination by the public adjuster or public adjuster solicitor. Renewal forms received by the Department after expiration will be denied; except that renewal forms returned by the Department under this section and resubmitted as instructed by the Department after expiration but within 15 days of the date the incomplete forms were mailed by the Department to the applicant will be accepted.

Title 37—LAW

COMMISSION ON CRIME AND DELINQUENCY

[37 PA. CODE CH. 421]

Deputy Sheriffs' Education and Training Board

The Deputy Sheriffs' Education and Training Board (Board), an advisory board within the Commission on Crime and Delinquency (Commission), amends Chapter 421 (relating to Deputy Sheriffs' Education and Training Board) to read as set forth in Annex A.

A. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

B. *Statutory Authority*

The final-form rulemaking is authorized under the Deputy Sheriffs' Education and Training Act (act) (71 P. S. §§ 2101—2109). Section 4(10) of the act (71 P. S. § 2104(10)) empowers the Board, with the review and approval of the Commission, to "make rules and regulations and perform other duties as may be reasonably necessary or appropriate to administer the education and training program for deputy sheriffs."

C. Background and Purpose

Legislation enacted in 1984 established the Board as an advisory board to the Commission. See section 3(a) of the act (71 P.S. § 2103(a)). Among other things, the act mandates that a deputy sheriff be certified by the Board as having met all of the act's requirements to receive compensation for performing duties as a deputy sheriff. See section 7(c) of the act (71 P.S. § 2107(c)). The act originally directed the Board to set up a training program consisting of a total of 160 hours, to be determined by regulation. However, in 1998, the act was amended to direct the Board to set up a program of "not less than 160 hours, which content and hours of instruction shall be determined by the board subject to the review and approval of the commission." See section 5 of the act (71 P.S. § 2105). On July 8, 2000, the Board as an interim step published a statement of policy at 30 Pa.B. 3472 (July 8, 2000) that set the number of hours of basic training at 560 hours. With this rulemaking, the Board is setting the number of hours at no more than 760 hours, an expansion that will allow for the inclusion of additional topics to the basic training curriculum, including motor vehicle code and enforcement.

D. Summary of Comments and Responses on Proposed Rulemaking

Notice of proposed rulemaking was published at 31 Pa.B. 788 (February 10, 2001). Publication was followed by a 30-day public comment period during which the Board received comments from the Independent Regulatory Review Commission (IRRC) and three public commentators: the Pennsylvania State Association of Township Supervisors (PSATS); Thomas Speers, Esquire, Solicitor for the Montgomery County Sheriff; and the Sheriffs' Association of the Commonwealth of Pennsylvania (Sheriffs' Association).

General Comments

The Sheriffs' Association submitted a comment in full support of the proposed rulemaking.

Comments from the PSATS and the Montgomery County Sheriff both challenged the statutory authority of the Board to promulgate a rulemaking of this scope. The PSATS noted that the Board was attempting to expand the authority of deputy sheriffs by regulation instead of legislation. According to the PSATS, this training could result in deputy sheriffs acting as municipal police officers without specific statutory authority to do so. Notwithstanding these comments, the Board is confident that section 4(10) of the act provides suitable statutory authority to expand the basic training curriculum to include the listed topics. The Board also notes that the Supreme Court of Pennsylvania has held that a deputy sheriff who has received training equivalent to that of a municipal police officer with respect to the motor vehicle code may make a valid arrest for a vehicle code charge. *Commonwealth v. Kline*, 741 A2d 1281 (Pa. 1999).

The Montgomery County Sheriff commented that the expanded training as proposed by the Board would burden counties financially because it would require new deputy sheriffs from all counties to undergo the expanded training, even those from counties that do not intend to use deputy sheriffs for vehicle patrol duties. The commentator suggested that the expanded training be made optional at the choice of the individual county or sheriff, rather than mandatory as proposed by the Board.

The Board acknowledges the added cost factors that would result from expanded basic training. However, it

notes that the training itself and most related expenses are being paid completely by the Board. Moreover, section 9 of the act (71 P.S. § 2109) requires the Commission to reimburse counties for the regular salary of deputy sheriffs in training at a 50% rate. Finally, due to other training certifications held, a large percentage of new deputies seeking Board certification are able to obtain required training through the abbreviated waiver course rather than the full basic training course. However, in response to the concerns raised, the Board asked the Commission to undertake a feasibility study regarding whether projected revenues from surcharges assessed under section 8 of the act (71 P.S. § 2108) could accommodate an increase of the 50% salary reimbursement rate. That study culminated in action taken by the Commission at its September 2001 meeting to endorse legislative action to raise the reimbursement rate to 100%.

In response to these comments, the Board reexamined its position on the issue of mandatory versus optional training. Among other things, the Board conducted a meeting on July 10, 2001, with the associations that had submitted comments on the proposed rulemaking. With its approval of this final-form rulemaking, the Board signals its continuing commitment to the concept of uniform training for all new deputies. A uniform standard of training will generate a cadre of professionals who, having undergone the expanded training, will share the same set of enhanced skills. These enhanced skills will provide each deputy with increased employment opportunities, allowing a deputy to move to a county that uses deputies for vehicle patrol even if the current employer does not do so.

The Montgomery County Sheriff also noted concern about the Board's practices regarding newly-hired deputies who were eligible for a partial waiver of basic training based on previous completion of a municipal public officers training program. At the time that the proposed rulemaking was published, the Board was requiring candidates for partial waiver to pass a Board waiver test to be able to forego full basic training and take an abbreviated waiver course instead. The commentator pointed out that the additional 200 hours training would be a particular burden for counties whose deputies did not pass the Board's waiver test and, consequently, would be required to take a 760 hour course instead of a waiver course of approximately 100 hours. The sheriff's concerns are no longer pertinent, however, because subsequent to the publication of the proposed rulemaking the Board eliminated the test requirement as a condition for entry into the waiver course.

Specific comments of IRRC

The Board received several comments from IRRC. The Board will address IRRC's comments in the order in which the regulatory sections appear.

§ 421.1. Definitions

In the proposed definition of "continuing education," IRRC considered the term "periodically" too vague to describe the frequency of required training, and suggested it be replaced with "2-years." The Board sees merit in this suggestion. However, rather than specifying the time frame, the Board has chosen to redraft the definition by making reference to the applicable statutory cite. The same approach is being taken with the definition of "basic training." The proposed definitions of "school" and "waiver" are being deleted for stylistic purposes and, in

the case of "school," a substantive provision is added to § 421.31(c) (relating to reimbursement to counties) that accomplishes the purpose the Board had intended by the definition in the proposed rulemaking.

§ 421.3. Training required.

Subsection (a)

The Board had increased the basic training requirement from its original 160 hours to its current level of 560 hours by publishing a statement of policy at 30 Pa.B. 3472. In the preamble for the proposed rulemaking, the Board set forth its plan to add an additional 200 hours of law enforcement-related topics, for a total of 760 hours, but did not specify the number of hours in the proposed Annex A. The Board's intention had been to publish an updated statement of policy setting forth the new total at 760 hours. IRRC suggested that the Board reconsider and specify the number of hours in the final-form rulemaking. (The PSATS also referenced the hours' issue in its comment.) IRRC stated that use of a statement of policy might subject the 760-hour program to legal challenge, whereas use of a regulation would set a binding norm with the full force and effect of law. In response to these comments, the Board adds language to this subsection setting the course of study at "no more than 760 hours." This terminology will signify that the Board has no intention to further expand the hours of basic training, and will allow downward adjustment of the total number of hours if necessary. Enactment of this final-form rulemaking will result in the deletion of § 421.102 (relating to basic training).

Subsection (b)

Using the same rationale as in subsection (a), IRRC suggested that the Board include a specific number of hours in the final-form rulemaking with respect to required continuing education. The 1998 amendment to the act allowed the Board to set the number of hours at "not less than 20 hours." Although the Board sees merit in using a more specific hourly reference than that contained in the proposed rulemaking, it is reluctant to be more specific than the phrase used in the 1998 amendment. Accordingly, the Board is deleting the term "as required by the act and by this chapter in the amount of hours established by the Board" and adding the phrase "of not less than 20 hours every 2 years." Enactment of this final-form rulemaking will result in the deletion of § 421.104 (relating to continuing education).

Subsection (c)

The Board did not specify in the proposed rulemaking the minimum scores that must be attained on tests to complete training courses. IRRC suggested that it do so. However, this specificity would prevent the Board from making adjustments as needed to what constitutes a passing grade. Furthermore, the training incorporates certain tests from outside entities, the passing scores for which are beyond the Board's control. The test for the module on cardio-pulmonary resuscitation is one example. Because the outside entities might change the passing scores for these tests without consulting the Board, a regulation setting forth a specific passing score would be problematical. Finally, the existing regulation contains no reference to a specific numerical score. For all of these reasons, the Board declines to implement IRRC's suggestion. However, the Board will notify trainees at the beginning of each course what constitutes a passing score, and has added language to the subsection to reflect this change.

§ 421.4. Waiver of training.

Subsection (a)

The Board adopts IRRC's suggestion that the phrase "for cause shown" is vague and could benefit from specific examples of what would constitute a reason for additional time to be granted for a newly hired deputy sheriff to fulfill the basic training requirements of the act. Moreover, the Board accepts IRRC's suggestion to insert a maximum time period for a time extension.

Subsection (b)

IRRC suggested that the Board be specific about the criteria to be used to make a determination whether prior training and experience warrants a candidate to forego full basic training. Accordingly, the Board sets forth in the final-form rulemaking criteria relating to the waiver program. Also, the Board adds language regarding the number of hours of waiver training. Similar to language added to § 421.3(c), the Board sets forth a mechanism to notify the waiver trainee in advance of what constitutes a passing score on a test. Enactment of this final-form rulemaking will result in deletion of § 421.103 (relating to waiver of basic training).

§ 421.5. Code of conduct.

The Board received no comments about this new section. However, the Board sees a need to amend this section to set forth that it will make the attendance and conduct rules available to trainees prior to the start of the course. Enactment of this final-form rulemaking will result in deletion of § 421.102 (relating to basic training).

§ 421.12. Continuing education.

IRRC commented that the Board's proposal to determine the topics of continuing education "periodically" is vague. The Board agrees with this comment and has replaced that term with the phrase "every 2 years." IRRC also suggested that the Board provide additional explanation in this preamble about the development and availability of continuing education. Accordingly, the Board notes that it has implemented the requirements of the act by requiring deputy sheriffs every 2 years to complete a standard curriculum of courses of "not less than 20 hours" in schools that contract with the Commission to provide uniform training. Course content is reviewed every 2 years and, if necessary, adjusted to reflect changing needs and emerging issues. IRRC also suggested that the rulemaking would benefit from more specificity as to where deputy sheriffs may obtain information on adjustments to continuing education curriculum. Accordingly, the Board has included language in this section stating that, at least 14 days prior to the initial class in the current cycle of continuing education, the Board will make available to the public the list of topics to be taught in the course.

§ 421.31. Reimbursement to counties.

Subsection (a)

The Board has made a style change.

Subsection (c)

IRRC suggested that the Board reword the cross-reference to the definition of "school." Instead, the Board deletes the definition and adds substantive language to this subsection to make clear that the Board will provide reimbursement only for attendance at schools authorized by the Board.

Subsection (d)

IRRC suggested a language change to improve clarity. The Board has adopted IRRC's suggestion.

Subsection (f)

The Board has adopted IRRC's suggestion that it specify a time period for notifying the county about a reimbursement request that does not meet the necessary requirements. The Board also adopts the suggestion to specify the mode of delivery of the notice.

E. Affected Persons

Those directly affected by the final-form rulemaking will be the newly-hired deputy sheriffs who are required to undergo mandated training. As of August 2002, the Board had initially certified a total of 3,288 deputies as having completed either basic training or waiver training during the Board's 18 year existence. During the calendar year 2001, the Board trained a total of 275 new deputies. Also affected will be the sheriffs' offices and county governments in each of the 67 counties, which send new deputies to Board training and which, under section 9 of the act, are responsible for half of the regular salary of the applicable participants during the training.

F. Compliance with Executive Order 1996-1, "Regulatory Review and Promulgation"

The Board reviewed this final-form rulemaking and considered its purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1. The final-form rulemaking addresses a compelling public interest as described in this Preamble and otherwise complies with Executive Order 1996-1.

G. Fiscal Impact and Paperwork Requirements

The final-form rulemaking will impose no additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector. The final-form rulemaking would have some fiscal impact on the Commonwealth and its political subdivisions. It will increase training costs borne by the Commission. Moreover, it will increase the number of hours that new deputies who take full basic training will spend in that course. Although section 9 of the act requires the Commission to reimburse each county for all of the living and travel expenses incurred by deputies at training, it requires Commission reimbursement of 50% of the deputies' regular salaries while attending school. It is anticipated that some counties will need to incur additional overtime expenses to cover for deputies away at training during the additional 200 hours. However, all of these fiscal impacts will be lessened by the fact that a large proportion of the new deputies certified each year by the Board obtain required training through the abbreviated waiver course. In 2001, 136 deputies graduated from the full 560 hour basic training course and 138 graduated from the waiver course, which is less than 100 hours in duration.

H. Sunset Date

The Board continually monitors the effectiveness of its regulations through communications with the regulated population. Therefore, no sunset date has been set.

I. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on February 13, 2001, the Board submitted a copy of the notice of proposed rulemaking, published at 31 Pa.B. 788, to IRRC and to the Chairpersons of the House Judiciary and the Senate Local Government Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing this final-form rulemaking, the Board has considered the comments received from IRRC, the Committees and the public.

Under section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), on November 27, 2002, this final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on December 12, 2002, and approved the final-form rulemaking.

J. Contact Person

Further information may be obtained by contacting Gerard M. Mackarevich, Chief Counsel, PCCD, P. O. Box 1167, Harrisburg, PA 17108-1167, (717) 705-0888 X 3034, fax (717) 214-9585, gmackarevi@state.pa.us.

K. Findings

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) This final-form rulemaking does not enlarge the purpose of the proposed rulemaking published at 31 Pa.B. 788.

(4) This final-form rulemaking is necessary and appropriate for administration of the Board's authorizing statute.

L. Order

The Board, acting under its authorizing statute, and with the approval of the Commission, orders that:

(1) The regulations of the Board, 37 Pa. Code Chapter 421, are amended by amending §§ 421.1, 421.3, 421.4, 421.11, 421.31 and 421.32; by adding §§ 421.5 and 421.12; and by deleting §§ 421.101—421.104 to read as set forth in Annex A.

(2) The Board shall submit this order and Annex A to the Office of General Counsel and to the Office of the Attorney General as required by law.

(3) The Board will certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(4) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

Annex A

TITLE 37. LAW

PART VI. COMMISSION ON CRIME AND DELINQUENCY

CHAPTER 421. DEPUTY SHERIFFS' EDUCATION AND TRAINING BOARD

GENERAL PROVISIONS

§ 421.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The Deputy Sheriffs' Education and Training Act (71 P. S. §§ 2101—2109).

Basic training—A course of training administered by the Deputy Sheriffs' Education and Training Board under section 5 of the act (71 P. S. § 2105).

Board—The Deputy Sheriffs' Education and Training Board.

Continuing education—A course of training administered by the Board under section 6 of the act (71 P. S. § 2106).

Deputy sheriff—A person, whether full-time or part-time, who is titled, sworn-in or authorized to act as a deputy sheriff or who performs the duties of a deputy sheriff.

§ 421.3. Training required.

(a) A newly-hired deputy sheriff is required to undergo basic training of not more than 760 hours.

(b) A deputy sheriff holding Board certification is required to undergo continuing education of at least 20 hours every 2 years.

(c) To successfully complete basic training or continuing education, a deputy sheriff shall attain at least a minimum score established by the Board on each written test and shall demonstrate proficiency in all practical skills. Prior to the commencement of instruction for which a test will be administered, the Board will notify the deputy sheriff of the minimum score required.

§ 421.4. Waiver of training.

(a) The Board upon request and for cause shown may extend the time up to 1 year for a newly-hired deputy sheriff to fulfill the basic training requirements of the act. Examples of good cause are:

- (1) A medical problem.
- (2) A family crisis or obligation.
- (3) A conflict with other employment.

(b) The Board upon request may grant a deputy sheriff a reduction in the hours of basic training generally required. The determination will be based upon the Board's evaluation of the prior education, training or experience of the deputy sheriff under the following criteria:

(1) The Board will grant a full waiver of basic training upon application by a deputy sheriff who has served a full, 4-year term as sheriff within this Commonwealth.

(2) A deputy sheriff in one or more of the following categories may apply for a partial waiver of basic training:

(i) Trained by the State Police and previously employed as a member of the State Police.

(ii) Certified as a municipal police officer in this Commonwealth.

(iii) Graduated from a course of basic training approved by the Municipal Police Officers' Education and Training Commission.

(3) The Board will grant a partial waiver of basic training to a deputy sheriff in one or more of the categories in paragraph (2) who holds current certifications in basic first aid or its equivalent, adult/child/infant cardio-pulmonary resuscitation (CPR) and police firearms range qualification.

(4) A deputy sheriff who has been granted a partial waiver of basic training shall be required to attend a waiver course of not more than 100 hours administered by the Board, attain at least a minimum score established by the Board on each written test and demonstrate proficiency in all practical skills. Prior to the commencement of instruction for which a test will be administered, the Board will notify the deputy sheriff of the minimum score required.

§ 421.5. Code of conduct.

(a) The Board or school may establish reasonable rules governing attendance and conduct expected of a deputy sheriff who is attending training required under the act. The Board will provide each deputy sheriff with a copy of any rules of attendance and conduct no later than 14 days prior to the start of instruction.

(b) Violations of attendance policy or departures from the expected standards of conduct may result in the Board's imposition of disciplinary sanctions, which may include expulsion from the training or denying or withdrawing certification.

CURRICULUM

§ 421.11. Basic training.

The Board will determine the curriculum for basic training, which will include at least the following topics:

- (1) Civil law and procedure.
- (2) Communications.
- (3) Control and defensive tactics.
- (4) Courtroom security.
- (5) Crimes Code and criminal procedure.
- (6) Criminal investigation.
- (7) Criminal justice system and law enforcement.
- (8) Crisis intervention.
- (9) Cultural diversity and ethnic intimidation.
- (10) Emergency management.
- (11) Emergency vehicle operation.
- (12) Ethics and professional development.
- (13) Families in crisis and domestic violence.
- (14) Firearms.
- (15) First aid and cardio-pulmonary resuscitation.
- (16) Motor vehicle code and enforcement.
- (17) Patrol procedures and operations.

- (18) Physical conditioning.
- (19) Physical and judicial security.
- (20) Prisoner transportation.
- (21) Related social sciences.
- (22) Related legal issues.
- (23) Special needs groups.
- (24) Unified court system.

§ 421.12. Continuing education.

Continuing education will consist of topics to be determined every 2 years by the Board. The Board will make available to the public the list of course topics no later than 14 days prior to the commencement of course instruction.

REIMBURSEMENT OF EXPENSES

§ 421.31. Reimbursement to counties.

(a) A county shall initially pay the deputy sheriff's ordinary and necessary living and travel expenses in connection with training, except for those items that the Board provides directly to a deputy sheriff.

(b) Upon application by a county, the Commission will provide reimbursement as set forth in section 9 of the act (71 P. S. § 2109) for items paid by the county.

(c) The Commission will provide reimbursement only in connection with a deputy sheriff's attendance at a school authorized by the Board to provide basic training or continuing education.

(d) The county may apply to the Commission for reimbursement, on a form to be supplied by the Commission, at the conclusion of the required training for each deputy sheriff who has attended basic training or continuing education.

(e) Reimbursement will be limited to the following:

- (1) *Tuition.* Tuition will be provided by the Board.
- (2) *Living expenses.* Allowable subsistence and lodging shall be provided for a deputy sheriff who is not commuting to and from school. A deputy sheriff who is commuting will be allowed reimbursement only for lunch.
- (3) *Travel expenses.* A commuter is entitled to claim mileage costs for each day the commuter is required to attend the approved training course. The mileage allowance, whether commuter or noncommuter, will only be allowed to the training school from the deputy sheriff's place of employment.

(4) *Determination of expenses.* The determination of ordinary and necessary living and travel expenses will be governed by 4 Pa. Code Chapter 40 (relating to travel and subsistence).

(f) If the Commission determines that the application and request for reimbursement do not meet the requirements of the act and this chapter, the Commission's Executive Director or a designee will send written notification within 10 business days to the county by regular mail and, if feasible, electronic mail. The notification will set forth the reasons upon which the adverse determination is based.

§ 421.32. Restrictions on reimbursement.

(a) If a deputy sheriff has successfully completed the certified basic training course and if reimbursement for the deputy is claimed by or paid to a county, the deputy

may not again be claimed for reimbursement for repetition of the basic training course regardless of reemployment by another county.

(b) If a deputy sheriff does not successfully complete the certified basic training course and if reimbursement for the deputy is claimed by or paid to a county, the county is not eligible for further reimbursement on behalf of the deputy in the event that the deputy subsequently attends another basic training course.

(c) A county will be reimbursed once, for each deputy sheriff attending a certified continuing education course within a 2-year period.

§§ 421.101—421.104. (Reserved).

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF CERTIFIED REAL ESTATE APPRAISERS

[49 PA. CODE CH. 36]

Fees for Board Services

The State Board of Certified Real Estate Appraisers (Board) amends § 36.6 (relating to fees) to read as set forth in Annex A.

The final-form rulemaking raises Board fees for application for certification as a real estate appraiser (whether on the basis of reciprocity or nonreciprocity), application for temporary practice registration, verification of certification or registration status and certification of examination scores. The final-form rulemaking also adds a new fee for application for approval as a continuing education provider and makes changes to the descriptions of certain fees and to the order in which they appear in the fee schedule.

Summary of Comments and Responses to Proposed Rulemaking

The Board published a notice of proposed rulemaking at 30 Pa.B. 5290 (October 14, 2000), with a 30-day public comment period. The Board received comments from the Pennsylvania Association of Realtors (PAR).

The Board received comments from the Independent Regulatory Review Commission (IRRC) and the House Professional Licensure Committee (House Committee) as part of their review of the proposed rulemaking under the Regulatory Review Act (71 P. S. §§ 745.1—745.15). The Board did not receive comments from the Senate Committee on Consumer Protection and Professional Licensure (Senate Committee), which also reviewed the amendments in proposed form under the Regulatory Review Act.

PAR questioned whether the additional revenues generated by the fees (approximately \$32,900 during each fiscal biennium) would be applied toward providing services to certificateholders and not toward adding further "bureaucratic levels" to the Board's operations. The fees are intended to recoup the Board's actual costs of providing specific services to individual certificateholders and appli-

cants; they are not intended to fund new regulatory initiatives or increases in staffing. By increasing fees to reflect the actual costs of providing the services covered by the fees, the Board ensures that the costs of providing individualized services are borne by the individuals who use those services rather than by the entire regulated community.

PAR also raised concern that the increase in the application fee for appraiser certification by examination—from \$55 to \$235—could serve as an economic “barrier” to entry into the real estate appraising profession. The Board has no evidence that an increase of \$180 in the application fee is likely to dissuade persons from considering a career in real estate appraising; no appraiser trainee or prospective applicant has raised objections to the fee increase. The Board notes that its application fee is still less than the appraiser application fees in neighboring states such as New York (\$250), New Jersey (\$225—250) and West Virginia (\$175—\$325).

IRRC asked the Board to provide a more detailed explanation of the reason for the increase in the application fee for appraiser certification by examination. The original fee of \$55 has not been increased since its adoption in 1991. Because the Board had just begun operations at the time the original fee was adopted, the cost calculations underlying the original fee were based on estimates rather than on historical cost data. As stated in the notice of proposed rulemaking, a recent systems audit of the Board’s operations conducted by the Revenue Office of the Bureau of Professional and Occupational Affairs (BPOA) determined that the \$55 application fee did not cover the Board’s actual cost of processing an application. The actual cost was calculated by multiplying the hourly compensation rate of Board personnel who review an application times the average number of minutes in the review process, plus a proportionate share of the administrative overhead. The actual costs are broken out as follows:

Board staff (10 hours by credentials evaluator)	\$212.09
Averaged Board member review	\$ 4.00
Administrative overhead	\$ 19.45
Total Cost	<u>\$235.54</u>

To be admitted to the appraiser certification examination, an applicant must establish compliance with Federally mandated education and experience qualifications. The credentials evaluators on the Board’s administrative staff review and evaluate the course transcripts submitted by the applicant’s education providers and, as necessary, contact the providers for additional information to verify the eligibility of the course offerings for education credit. The credentials evaluators also review a detailed log prepared by the applicant of the applicant’s experience as an appraisal assistant. The credentials evaluators select from the applicant’s experience log a representative sampling of transactions for further scrutiny; for each transaction selected, the credentials evaluators review the appraisal report that the applicant assisted in preparing as well as an appraisal assistant checklist completed by the applicant’s supervising appraiser. The credentials evaluators may seek additional verification of experience by contacting the applicant, the applicant’s supervising

appraiser and lenders and other appraisal clients who have had dealings with the applicant.

In a small number of cases, the direct involvement of Board members is required to ascertain whether the applicant has satisfied the education and experience requirements for admittance to the certification examination. Individual Board members may review the application file and interview the applicant; on occasion it may be necessary for the full Board to conduct an evidentiary hearing on the applicant’s qualifications.

IRRC also questioned the rationale for the proposed increase—from \$55 to \$235—in the application fee for certification as a certified Pennsylvania evaluator under the Assessors Certification Act (63 P. S. §§ 458.1—458.16). Upon rechecking the results of the BPOA’s systems audit of the its operations, the Board has determined that the proposed increase in the application fee for certification as a certified Pennsylvania evaluator was submitted in error. Accordingly, the Board has deleted the proposed increase from the final-form rulemaking.

IRRC also noted an error in the text of the proposed rulemaking regarding the amount of the new fee for approval of a continuing education provider. The preamble of the notice of proposed rulemaking and the fee report form identified the amount of the fee as \$85, while the text of the proposed regulation listed the fee as \$55. The final-form rulemaking reflects the correct fee of \$85. Noting that the Board’s fee schedule lists both “examination fees” and “application fees,” the House Committee and IRRC commented that the nomenclature of the application fees for certified appraisers—“application by examination” and “application by reciprocity”—is confusing because it gives the false impression that there are actually two examination fees. The House Committee and IRRC recommended that the application fees for certified appraisers be renamed “licensure application fee” and “licensure by reciprocity.” The Board does not favor the term “licensure” because the appraiser credential issued by the Board under the Real Estate Appraisers Certification Act (REACA) (63 P. S. §§ 457.1—457.19) is a certificate rather than a license. To avoid the confusion cited by the House Committee and IRRC, the Board has renamed the application fees for certified appraisers as “application (nonreciprocity)” and “application (reciprocity).”

At the suggestion of IRRC, the Board has made the category of “continuing education provider” in the fee schedule plural to be consistent with the other fee categories.

Statutory Authority

Section 5(6) of the REACA (63 P. S. § 457.5(6)) authorizes the Board to establish fees for its operations. Section 9 of the REACA (63 P. S. § 457.9) requires the Board to establish fees by regulation and to ensure that revenues derived from fees are adequate to cover the Board’s expenditures over a biennial period.

Fiscal Impact

The Board projects that the final-form rulemaking will generate additional fee revenues totaling approximately \$32,900 during each fiscal biennium. The additional biennial revenues are broken down as follows:

<i>Service</i>	<i>Estimated Fee-Payers</i>		<i>Additional Cost</i>		<i>Additional Revenues</i>
Application for Certification as Appraiser (Nonreciprocity)	150	×	\$180	=	\$27,000
Application for Certification as Appraiser (Reciprocity)	10	×	\$15	=	\$150
Application for Temporary Practice Registration	75	×	\$5	=	\$375
Application for Approval as Continuing Education Provider	25	×	\$85	=	\$2,125
Certification of Examination Scores	200	×	\$10	=	\$2,000
Verification of Certification or Registration Status	250	×	\$5	=	\$1,250
Total					\$32,900

Paperwork Requirements

The final-form rulemaking will require the Board to change certain forms to reflect the revised schedule of user fees. The final-form rulemaking will not create additional paperwork requirements for the regulated community.

Compliance with Executive Order 1996-1

In accordance with Executive Order 1996-1, "Regulatory Review and Promulgation," the Board, in drafting and promulgating the final-form rulemaking, considered the least restrictive alternative to regulatory costs for services requested by individual certificate holders and applicants.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on October 4, 2000, the Board submitted a copy of the notice of proposed rulemaking, published at 30 Pa.B. 5290, to IRRC and to the Chairpersons of the House and Senate Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing this final-form rulemaking, the Board has considered the comments received from IRRC, the Committees and the public.

Under section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), on November 13, 2002, this final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on November 21, 2002, and approved the final-form rulemaking.

Additional Information

For additional information concerning the final-form rulemaking, contact Michelle T. DeMerice, Administrator, State Board of Certified Real Estate Appraisers, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-4866, appraise@pados.dos.state.pa.us.

Findings

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the July 31, 1968 (P. L.

469, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2

(2) The final-form rulemaking adopted by this order is necessary and appropriate for the administration of the REACA.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 36, are amended by amending § 36.6 to read as set forth in Annex A.

(b) The Board shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The final-form rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

[Correction]

Invoicing for Services

An error occurred in the preamble to the document which appeared at 32 Pa.B. 6364 (December 28, 2002).

The correct version of the fifth paragraph of the preamble is as follows:

Under the 180-day rule, an MA provider must submit a correct original invoice to be received by the Department within 180 days of the date the provider renders service to an eligible MA recipient. If a provider other than a long-term care provider submits an invoice within the 180-day time frame, but the invoice is pended or is rejected by the Department as incorrectly completed, the provider may resubmit the claim or submit a corrected claim so long as the resubmission is received by the Department within 365 days of the date of service. See § 1101.68(b)(3). The current regulation gives long-term care providers less time than other providers to submit a "clean claim." Section 1101.68 specifies that a long-term care provider must submit its original invoice and any resubmissions to be received by the Department within 180 days of the last day of the month in which service was provided. Right-to-Know Law Request Policy

This written policy outlines the proper procedures for requesting records from the Department of Banking (Department) under Pennsylvania's Right-to-Know Law (65 P. S. §§ 66.1—66.9). Questions regarding this policy should be directed to the Department's Legal Office at (717) 787-1471.

1. All requests for records must be in writing and signed by the requester. The request should identify or describe the records sought with sufficient specificity to enable the Department to ascertain which records are being requested and shall include a name and address to which the agency should address its response. The Department will not accept anonymous requests for records.

2. All requests for records shall be addressed to Kathleen A. Wolfe, Deputy Secretary of Banking for Administration and Non-Depository Institutions, Depart-

ment of Banking, 333 Market St., 16th Floor, Harrisburg, PA 17101-2290.

3. Written requests for records may be sent to the Department by mail, by facsimile to (717) 705-5492 or delivered in person during the Department's regular business hours of 8:30 a.m. to 5 p.m., Monday through Friday. The Department will not accept verbal or e-mail requests for records.

4. If a written request for records is granted, the following fees will be charged to the requester:

<i>Copies:</i>	
1-10 photocopies	No charge
11 + photocopies	\$.15 per copy
Certified photocopies	\$1.00 per copy
Redaction	\$1.00 per page
PC Diskettes	\$1.00 per diskette

Postage:

Records fitting into standard letter envelope No charge

Other types of mailing Actual cost

A "photocopy" is either a single-sided copy or one side of a double-sided copy of a standard 8.5" x 11" page. The Department may require a requester to prepay an estimate of the fees listed if the fees required to fulfill the request are expected to exceed \$100. Costs may be paid by check or money order payable to "Pennsylvania Department of Banking."

DEPARTMENT OF EDUCATION

Availability of Program Year 2003-04 Federal Even Start Grants for Renewal and New Family Literacy Programs

The Federal Even Start Family Literacy Program (program), renamed the William F. Goodling Even Start Family Literacy Programs, is authorized by Title I, Part B, Subpart 3 of the Elementary and Secondary Education Act (ESEA), reauthorized as the No Child Left Behind Act of 2001. This program is administered by the Department of Education (Department) for family literacy programs that will:

1. Target families living in areas of high concentration of poverty who are receiving welfare benefits and who have educational needs.

2. Enable communities to foster cooperative partnerships that build on existing community resources to create a new range of services.

3. Provide services that are of sufficient intensity in terms of hours, and of sufficient duration, to make sustainable changes in a family and that integrate all of the following:

a. Interactive literacy activities between parents and their children.

b. Training for parents regarding how to be the primary teacher for their children and full partners in the education of their children.

c. Parent literacy training that leads to economic self-sufficiency.

d. An age-appropriate education to prepare children for success in school and life experiences.

Organizations eligible to apply for an Even Start grant are local educational agencies (LEA) or community-based organizations (CBO). Eligible entities are required to establish a formal partnership between one or more LEAs and one or more CBOs. Priority consideration will be given to applications that reflect the family focus of Even Start; locate new sites in areas designated by the Federal government as empowerment zones or enterprise communities; submit a total budget which contains a local match beyond the required Even Start statutory percentages;

and target services to families most in need (that is, educationally disadvantaged adults who are receiving public assistance; do not have high school diplomas; are members of minority groups; are single parents; are victims of domestic violence; have children with developmental delays; reside in a Title I school attendance area; and, if in primary grades, are receiving Title I services). Priority also will be given to programs that are coordinated with adult education and literacy programs; county assistance offices; social service agencies; public libraries; Team PA CareerLink One-Stop Centers; Workforce Investment Act programs; elementary schools; family centers; preschool programs such as Head Start; licensed child care centers; and other community groups or agencies that provide services and assistance to persons in need of basic literacy skills and/or support services.

Special consideration will be given to programs in the following order of priority:

1. Applications for renewal of grants to currently funded programs, providing sufficient progress is made toward meeting program objectives in relation to the Pennsylvania Family Literacy Program Performance Standards. (Even Start projects applying for their 4th or 8th year of operation should consult the Application Guidelines for special provisions pertaining to the duration of projects.)

2. Applications for new programs by school districts or charter schools receiving Title I, Part A, ESEA funds in unserved areas of counties not served by a current Even Start or State Act 143 Family Literacy grant.

3. Applications for new programs by community-based organizations, in partnership with school districts and/or charter schools receiving Title I, Part A, ESEA funds in unserved areas of counties not served by a current Even Start or State Act 143 Family Literacy grant.

The grant period (or duration of an Even Start grant) will be for a term of 4 years, provided that sufficient progress is made towards meeting program objectives in relation to the Pennsylvania Family Literacy Program Performance Standards. The Commonwealth will not, however, issue a 4-year grant. Each year, or grant year, grantees will be required to apply for continuation funding. At the end of the grant period, grantees will be authorized to reapply and compete with other applicants for another 4-year term. Upon the completion of 8 years, special provisions apply to the continuation of program operations. Refer to the Application Guidelines for details.

Restrictions placed upon the Department for the administration of the Even Start grant are:

1. The Federal program requires a local contribution/matching funds in addition to the requested grant amount. The total cost of the program is to be supported by grant funds and a local share. The Even Start statute requires a graduated increase in the local share, which ranges from 10% (in the first year) to 65% depending upon the year of operation (see Application Guidelines for details)

2. Section 1234 of the Even Start statute prohibits a local program from using grant funds for indirect costs. This restriction includes the project's matching funds (local share).

Even Start renewal and new applications must be completed on-line and submitted from the e-grant website at <http://www.egrants.ed.state.pa.us> to the Department's Bureau of Adult Basic and Literacy Education (ABLE) by March 24, 2003.

Instructions and the Application Guidelines are available from the ABLE website at www.able.state.pa.us and via the e-grant website.

Grants will be funded by Rider W to a Master Agreement executed between the Department and the funded agency. Both current and new Even Start grant recipients will have to execute new Master Agreements in 2002-03 since current Master Agreements expire June 30, 2003. The Department will mail out said Master Agreements in the coming months. Funded agencies must execute a 2003-04 Program Year Rider W to include a budget and the application narrative to receive funding. Agencies not currently funded will be given instructions on execution of the Master Agreement once grant applications are accepted for approval.

Potential applicants are urged to attend the proposal development workshop to learn the latest changes to program guidelines and new requirements for submitting e-grant applications for adult education and family literacy programs funded through: (1) the Federal Workforce Investment Act, Section 231; (2) State Adult and Family Literacy Education Act 143 of 1986; and (3) the program. This workshop will be conducted by teleconference on January 31, 2003, from 1 to 3:30 p.m. For the nearest downlink site and to ensure that space, materials and handouts are available, attendees must register to attend by visiting the Distance Learning, PaTTAN website at www.pattan.k12.pa.us. Interested parties who are unable to register online may register by completing a registration form and faxing it to (412) 826-6872 or mailing it to Marty Rist, Distance Learning, PaTTAN—Pittsburgh, 3190 William Pitt Way, Pittsburgh, PA 15238. For answers to questions regarding downlink sites, registration or satellite coordinates, e-mail PaTTAN Distance Learning at dlc@pattan.k12.pa.us. For individuals who are deaf or hard of hearing, the Pennsylvania Relay Service, (800) 654-5984 (TTY), can be used to call the Distance Learning Center. To ensure timely administration and processing of e-grant applications, both the grant writer and the fiscal officer should attend the workshop.

**Availability of Workforce Investment Act of 1998
Section 231 Funds for Adult Basic Education,
Including English as a Second Language/Civics
Funds from section 1000(a)(4) of the Consoli-
dated Appropriations Act and Adult Secondary
Education Programs, for Program Year 2003-04**

Title II of The Workforce Investment Act of 1998, The Adult Education and Family Literacy Act, provides funds to local eligible provider agencies through the Department of Education (Department) for the establishment of adult education and family literacy programs that will:

1. Assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency.
2. Assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children.

3. Assist adults in the completion of a secondary school education.

Additional funding has recently been requested by the United States Department of Education for the sole purpose of integrating "English literacy and civics education services to immigrants and other limited English proficient populations." The Commonwealth is expected to receive approximately \$1 million of the \$70 million allocated funds. Funding for English as a Second Language (ESL) will not be awarded without a civics curriculum component. Instruction is intended for, but not limited to, those immigrants seeking permanent legal residence in the United States.

Eligible applicants include local education agencies and public or private nonprofit agencies, organizations and institutions. A for-profit agency is eligible to participate in the program only if it is part of a consortium with a local education agency or other eligible sponsor, with the nonprofit agency acting as the fiscal agent. A for-profit organization must also have the capability and capacity to augment significantly the adult education services of a consortium.

Consistent with the purpose of the Adult Education and Family Literacy Act and the intent of the earmarked funding for ESL/Civics, for Program Year 2003-04, the Department will give consideration to programs for immigrants seeking permanent legal residence in the United States as follows:

1. *Primary Consideration*—Applications for the continuation or expansion of existing ESL/Civics programs that have demonstrated an ability to produce results consistent with the objectives of the Adult Education and Family Literacy Act and the requirements of the ESL/Civics earmarked funding.
2. *Secondary Consideration*—Applications for other ESL/Civics programs that demonstrate evidence of an ability to produce results consistent with the objectives of the Adult Education and Family Literacy Act and the requirements of the Federal ESL/Civics earmarked funding language.

In applying for ESL/Civics program funding, agencies will determine appropriate funding levels (grant amounts) by ensuring that the cost per student does not exceed \$450. Contact Jeff Bostic at (717) 787-6344 if assistance in this calculation is required.

When mailing in the rider signature page, the applicant should also enclose documentation that provides evidence of the following:

1. A compelling need for the services, such as waiting lists.
2. The ability to integrate civics instruction into existing ESL programming.
3. A plan for integrating and delivering curriculum and evaluating the benefits of this instruction.
4. Proof of a viable curriculum that is used for ESL instruction that includes assessment.
5. A history of having met or exceeded its enrollment obligations for the past several years in programs funded by the Bureau of Adult Basic and Literacy Education (ABLE).
6. An assurance that agency staff will attend ESL/Civics training.

The Grant Period (or duration of a Section 231 ESL/Civics grant) will be for a term of 1 year—July 1, 2003,

through June 30, 2004. Grants will be funded by Rider K to a Master Agreement executed between the Department and the funded agency. Both current and new ESL/Civics grant recipients will have to execute new Master Agreements in the winter of 2002-03 since current Master Agreements expire June 30, 2003. The Department will mail out Master Agreements in the coming months. Funded agencies must execute a 2003-04 Program Year Rider K, to include a budget and the application narrative to receive funding. Agencies not currently funded will be given instructions on execution of the Master Agreement once grant applications are accepted for approval.

Section 231 ESL/Civics grants will comprise the 75% Federal share of total program costs. Grant recipients must fund the 25% local match share that may be in-kind. Other Federal funds may not be used for the local match unless specifically identified as eligible for use as matching funds.

Restrictions placed upon the Department by the United States Department of Education on the administration of the grant include:

1. Not less than 82.5% of the State's allotment must be used for adult education and/or family literacy programs.
2. Not more than 8.25% of the State's allotment may be used for corrections education programs.
3. Not more than 5% of a local applicant's grant may be used for administrative costs, unless a higher percent is approved in advance by the Department's Bureau of ABLE.

Section 231 ESL/Civics applications must be completed online and submitted from the e-grant website at <http://www.egrants.ed.state.pa.us> to the Bureau of ABLE. Instructions and the Application Guidelines are available via the ABLE website at www.able.state.pa.us and from the e-grant website.

Application due date for ESL/Civics (an 061 project in the e-grant process) is April 18, 2003.

The Bureau of ABLE reserves the right to consider proposals received after these deadlines and, if appropriate, to approve them if and when funds become available.

Potential applicants are urged to attend the proposal development workshop to learn the latest changes to program guidelines and new requirements for submitting e-grant applications for adult education and family literacy programs funded through: (1) the Federal Workforce Investment Act, Section 231; (2) State Adult Literacy Program, Act 143 of 1986; and (3) the Federal Even Start Family Literacy Program. This workshop will be conducted by teleconference on January 31, 2003, from 1 to 3:30 p.m. For the nearest downlink site and to ensure that space, materials and handouts are available, attendees must register to attend by visiting the Distance Learning, PaTTAN website at www.pattan.k12.pa.us. If unable to register online, interested parties may register by completing a registration form and faxing it to (412) 826-6872 or mailing it to Marty Rist, Distance Learning, PaTTAN—Pittsburgh, 3190 William Pitt Way, Pittsburgh, PA 15238. For answers to questions regarding downlink sites, registration or satellite coordinates, e-mail PaTTAN Distance Learning at dlc@pattan.k12.pa.us. For individuals who are deaf or hard of hearing, the Pennsylvania Relay Service, (800) 654-5984 (TTY), can be used to call the Distance Learning Center. To ensure timely administration and processing of e-grant applications, both the

grant writer and the fiscal officer should attend the workshop.

ESL/Civics funding is not to be considered permanent, as its continued availability is not something that is guaranteed. For information on existing civics materials, contact the state literacy resource center, ADVANCE at (800) 992-2283.

Eligible Partnerships Postsecondary Grant Application Guidelines for Conducting a Rural Academy for Commonwealth Educators

The Department of Education (Department) has established Eligible Partnership Postsecondary Grant Application (application) guidelines to provide direction to eligible partnerships for submitting applications targeting the quality of teachers, principals and paraprofessionals. An eligible partnership that receives a grant under these guidelines shall use the grant for designing and implementing a rural academy for this Commonwealth which provides assistance to local educational agencies (LEAs), their teachers, principals and paraprofessionals to ensure that they are able to use the Commonwealth's Mathematics and Reading, Writing, Speaking and Listening content standards and for using Pennsylvania System of School Assessment data to strengthen and enhance instructional practices for improving student academic achievement. The guidelines define a partnership that is eligible to apply. The first rural academy funded under these guidelines will be conducted in the summer of 2003 and will be modeled after the Department's Governor's Academy for Urban Education. Approximately \$202,804 is available to fund one academy for rural educators on a competitive basis under these guidelines. One contract or memorandum of understanding will be awarded.

Copies of the rural academy's application guidelines are available on the Department's website at <http://www.pde.state.pa.us> or from the Issuing Office, which is the sole point of contact for the guidelines: Division of Program Services, Bureau of Postsecondary Services, Department of Education, 333 Market Street, Harrisburg, PA 17126-0333, (717) 772-3623, TDD (717) 783-8445.

A preproposal conference is scheduled for Friday, February 7, 2003, at 10 a.m. in the Honors Suite, 1st Floor, 333 Market Street, Harrisburg. Attendance by a representative of the partnership (potential applicant, regional site, LEA, intermediate unit or other) is a prerequisite to submitting an application. If special accommodations are required to participate in the preproposal conference, contact the Division of Program Services. Written questions are to be submitted by January 31, 2003, on PDE-4658, which is available on the Department's website at <http://www.pde.state.pa.us>.

Applications submitted in response to the application guidelines are due in the Division of Program Services by 5 p.m. on Monday, February 24, 2003.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and The Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For new permit applications, renewal application with major changes or applications for permits not waived by the EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted before the application, within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated before the application.

Persons with a disability, who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA0222381, Sewage, **Clearfield-Jefferson Counties Regional Airport Authority**, P. O. Box 299, Falls Creek, PA 15840. This proposed facility is located in Washington Township, **Jefferson County**.

Description of Proposed Activity: Renewal of an existing discharge of treated sewage.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply (stream and public water supplier) considered during the evaluation is the Hawthorn Water Authority intake on Redbank Creek located in Hawthorn Borough, Clarion County, approximately 27 miles below point of discharge.

The receiving stream, unnamed tributary to Keys Run, is in watershed 17C and classified for CWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001 based on a design flow of 0.006 MGD.

PA0222771 Amendment No. 2, Industrial Waste, **Honeywell International—Titusville**, 1100 East Main Street, Titusville, PA 16354. This existing facility is located in Titusville, **Crawford County**.

Description of Proposed Activity: Requested reduced monitoring frequencies for discharge of once through noncontact cooling water and Group 2 stormwater.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply (stream and public water supplier) considered during the evaluation is the Emlenton Water Company and the Allegheny River located at Emlenton, 48 miles below point of discharge.

The receiving stream, Oil Creek, is in watershed 16-E and classified for CWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.027 MGD.

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
These outfalls shall consist of uncontaminated stormwater runoff only. Refer to Stormwater only outfalls condition in Part C.			

XX—Monitor and report on monthly DMRs.

This Amendment No. 2 is for the relaxation of monitoring frequencies at Outfall 001 due to water conservation measures and a re-review of chemical additives.

The EPA Waiver is in effect.

PA0025291, Sewage, **Southwest Warren County Municipal Authority**, 174 Main Street, P. O. Box 132, Tidioute, PA 16351. This proposed facility is located in Tidioute Borough, **Warren County**.

Description of Proposed Activity: Renewal of an existing discharge of treated sewage.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply (stream and public water supplier) considered during the evaluation is the Emlenton Water Company on the Allegheny River located at River Mile 90 in Emlenton, 76.65 miles below point of discharge.

The receiving stream, Allegheny River, is in watershed 16-F and classified for WWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.25 MGD.

PA0026964 Amendment No. 2, Sewage, **Lower Perkiomen Valley Regional Sewer Authority**, P. O. Box 297, Oaks, PA 19456. Based on a request from Montgomery County Sewer Authority to uniformly allocate effluent limits for the conventional pollutants CBOD₅ and NH₃-N, several modeling runs were made for discharges in the segment of Schuylkill River from Black Rock dam to Norristown dam. The discharges in the segment include Phoenixville Borough sewage treatment plant (STP), Montgomery County Sewer Authority STP, Valley Forge Sewer Authority STP and Upper Merion Municipal Utility Authority STP. The final wastewater allocations for these four discharges include a reserve for anticipated growth for Montgomery County STP from 9.5 mgd to 12.8 mgd and Valley Forge STP from 9.2 mgd to 10.93 mgd.

The proposed limitations for the wastewater discharge from these four sewage treatment plants, are as follows:

<i>Permittee Name</i>	<i>Phoenixville Borough</i>	<i>Montgomery County Sewer Authority (New Owner LPVRSa)</i>	<i>Valley Forge Sewer Authority</i>	<i>Upper Merion Municipal Utility Authority</i>
NPDES Permit No.	PA0027154	PA0026964	PA0043974	PA0026131
Annual Flow (mgd)	4.0	9.5 current 12.8 future	9.2 current 10.93 future	6.0
CBOD ₅				
(5-1 to 10-31)	20 mg/l	20 mg/l	20 mg/l	25 mg/l
NH ₃ -N				
(5-1 to 10-31)	8 mg/l	8 mg/l	8 mg/l	15 mg/l
Dissolved Oxygen	5 mg/l	5 mg/l	5 mg/l	5 mg/l
(minimum)				

The proposed limits for Phoenixville Borough, Valley Forge Sewer Authority and Upper Merion Municipal Utility Authority will be incorporated in their NPDES permits upon their next permit renewal or major permit amendment action.

The permit is transferred from Montgomery County Sewer Authority to Lower Perkiomen Valley Regional Sewer Authority (LPVRSa).

The EPA waiver is not in effect.

PA0027383, Sewage, **Southwest Delaware County Municipal Authority**, One Gamble Lane, Aston, PA 19104-0466. This application is for renewal of an NPDES permit to discharge treated sewage from SWDCMA Wastewater treatment plant in Aston Township, **Delaware County**. This is an existing discharge to Chester Creek.

The receiving stream is classified for WWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 002, based on an annual average flow of 6.0 million gallons per day are as follows. These limits reflect changes to the notice published at 32 Pa.B. 321 (January 19, 2002):

Description of Existing Activity: Concentrated animal feeding operation (CAFO) for 1,160 AEUs of Holstein cows, jersey cows and calves.

The receiving stream, Oswayo Creek, is in the State Water Plan watershed 16C and is classified for CWF.

The proposed effluent limits for the operation/activity include: Except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Streams Law constitutes compliance with the State narrative water quality standards.

In addition to the previous, the permit contains the following special permit requirements (Part C): (1) nutrient management plans; (2) training of operators; (3) erosion and control plan; (4) NPDES permit for stormwater discharges during construction activities; (5) best management practices; (6) manure storage facilities and WQM Part II permit requirements; (7) 5 year permit renewal application; (8) preparedness, prevention and contingency plan; and (9) registered professional engineer certification of adequacy for the facility.

WATER QUALITY MANAGEMENT PERMITS

CONTROLLED INDUSTRIAL WASTE AND SEWAGE WASTEWATER

APPLICATIONS UNDER THE CLEAN STREAMS LAW

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons wishing to comment on an applications are invited to submit a statement to the office noted previously the application, within 15 days from the date of this public notice. Comments received within this 15-day

comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

I. Industrial Waste and Sewerage Applications under The Clean Streams Law (35 P.S. §§ 691.1—691.1001).

WQM Permit No. 4502407, Suburban Wastewater Company, 762 West Lancaster Avenue, Bryn Mawr, PA. This proposed facility is located in Penn Lake Park Borough, **Luzerne County**.

Description of Proposed Action/Activity: The project consists the construction of a low-pressure wastewater collection system to serve the Borough of Penn Lake Park. Wastewater will be conveyed to the Suburban Wastewater Company Wastewater Treatment Facility, located in the Borough of White Haven, for ultimate treatment and storage. The wastewater conveyance system will consist of a pump station, gravity sewer and force main.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4707.

WQM Permit No. 2802403, Sewerage, Randy Hutchison, 7725 Roxbury Road, Lurgan, PA 17232. This proposed facility is located in Lurgan Township, **Franklin County**.

Description of Proposed Action/Activity: Construction of individual sewerage system to serve a single family residence.

WQM Permit No. 0602416, Sewerage, Heather Geissler, 1255 Ironstown Drive, Boyertown, PA 19512. This proposed facility is located in Earl Township, **Berks County**.

Description of Proposed Action/Activity: Construction of individual sewerage system to serve her single family residence.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701.

WQM Permit No. 1702202, Industrial Waste 4941, Irvona Municipal Authority, P. O. Box 247, Berwind Street, Irvona, PA 16656. This proposed facility will be located in Irvona Borough, **Clearfield County**.

Description of Proposed Action/Activity: Water Quality Management Part II Permit application for construction of a waste holding tank and sludge drying beds. Wastewater from a public water supply membrane filtration plant will be directed to the waste holding tank. Supernatant will be discharged through the approved NPDES Outfall 001 and solids will be sent to sludge drying beds or the sanitary sewer system.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

Application No. 2603401, Sewerage, Markleysburg Borough, P. O. Box 25, Markleysburg, PA 15459. Application for the construction and operation of a sewage treatment plant, sewers and appurtenances, outfall and headwall to serve the Markleysburg Area Sewage System located in Markleysburg Borough, Henry Clay Township, **Fayette County**.

The Pennsylvania Infrastructure Investment Authority (PENNVEST), which administers the Commonwealth's

State Revolving Fund, has been identified as a possible funding source. The Department's review of the sewage facilities plan revision has not identified any significant environmental impacts resulting from this proposal.

Application No. 2603402, Sewerage, North Union Township Municipal Services Authority, 6 South Evans Station Road, Lemont Furnace, PA 15456. Application for the construction and operation of sanitary sewer extensions to serve the Hopwood and Coolspring communities located in North Union Township, **Fayette County**.

PENNVEST has been identified as a possible funding source. The Department's review of the sewage facilities plan revision has not identified any significant environmental impacts resulting from this proposal.

Application No. 5602411, Sewerage, Travis and Peggy Lambert, 473 Sheep Ridge Road, Somerset, PA 15501. Application for the construction and operation of a single residence small flow sewage treatment plant to serve the Lambert residence located in Somerset Township, **Somerset County**.

Application No. 5603401, Sewerage, Richard Chatak, 943 Peninsula Drive, Central City, PA 15926. Application for the construction and operation of a single residence small flow sewage treatment plant to serve the Chatak residence located in Indian Lake Borough, **Somerset County**.

Application No. 5603402, Sewerage, Shanksville Borough, P. O. Box 58, Shanksville, PA 15560. Application for the construction and operation of a sewage treatment plant, pump stations, sewers and appurtenances, outfall and headwall and stream crossing to serve the Shanksville Borough located in Stonycreek Township, **Somerset County**.

PENNVEST has been identified as a possible funding source. The Department's review of the sewage facilities plan revision has not identified any significant environmental impacts resulting from this proposal.

Application No. 6503401, Sewerage, Brian Roscoe, P. O. Box 162, Hunker, PA 15639. Application for the construction and operation of a single residence small flow sewage treatment plant to serve the Roscoe residence located in Mt. Pleasant Township, **Westmoreland County**.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

WQM Permit No. 6202203, Industrial Waste, United Refining Company, P. O. Box 780, Warren, PA 16365. This proposed facility is located in City of Warren, **Warren County**.

Description of Proposed Action/Activity: This project is to modify the existing wastewater treatment facility to meet stringent new EPA requirements for low sulfur gasoline and to support a new Coker unit.

WQM Permit No. 6203201, Industrial Waste, Reliant Energy Mid-Atlantic Power Holdings, LLC, 1001 Broad Street, P. O. Box 1050, Johnstown, PA 15907-1050. This proposed facility is located in Conewango Township, **Warren County**.

Description of Proposed Action/Activity: This project is for a leachate treatment facility for a coal ash disposal site.

WQM Permit No. 6102402, Sewerage, Diane O. and Michael S. Shawgo and Barry Karns, 118 Gilfillan

Street, Franklin, PA 16323. This proposed facility is located in Jackson Township, **Venango County**.

Description of Proposed Action/Activity: This project is for the construction and operation of a small flow treatment facility to serve two homes.

WQM Permit No. 2403401, Sewerage, **Department of Conservation and Natural Resources, Bendigo State Park**, P. O. Box A, Johnsonburg, PA 15845. This proposed facility is located in Jones Township, **Elk County**.

Description of Proposed Action/Activity: This project is for the construction of sanitary sewers, five pumping stations and one spray irrigation system.

WQM Permit No. 2002433, Sewerage, **Matthew F. and Patricia D. Koehler**, 16615 Maple Drive, Saegertown, PA 16433. This proposed facility is located in Hayfield Township, **Crawford County**.

Description of Proposed Action/Activity: This project is for a single residence sewage treatment plant.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted before the application, within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations

regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability who require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act, the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on the permit application are invited to submit a statement to the office listed before the application, within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Comment responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a

summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department received the following Notices of Intent to Remediate:

Northcentral Region: Environmental Cleanup Program, 208 West Third Street, Williamsport, PA 17701.

Agway Fertilizer Plant, Spring Township, **Centre County**. Groundwater Sciences Corporation, on behalf of its client, has submitted a Notice of Intent to Remediate soil and groundwater contaminated with inorganics and pesticides. The applicant proposes to remediate the site to meet the Statewide Health Standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Centre Daily Times* on December 2, 2002.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program.

This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the Department Regional Office within 30 days of the date of this notice and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

09-0158: Allied Cremation, Inc. (864 Bristol Pike, Bensalem, PA 19020) for the installation of a 150 pound per hour natural gas fired crematorium for human remains at their new facility at 864 Bristol Pike, Bensalem Township, **Bucks County**. This installation will result in maximum NOx emissions of 0.5 ton per year. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

46-0026C: Global Packaging, Inc. (Brower and Montgomery Avenues, Oaks, PA 19456) for installation of two flexographic printing presses and control equipment at its graphic arts facility in Upper Providence Township, **Montgomery County**. The facility is a non-Title V facility for any of air pollutant. This installation will result in a 7.7 ton VOC emission increase and a 2.3 ton NOx emission increase from the facility per year. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

46-0062: Jefferson Smurfit Corp.—U.S. (500 Church Road, North Wales, PA 19454) for installation of a new thermal regenerative oxidizer, which replaces an old oxidizer at their facility in Upper Gwynedd Township, **Montgomery County**. This facility is a major facility. The installation of this control will not increase any emissions. The Plan Approval will contain recordkeeping requirements to keep the facility operating within the allowable emissions and all applicable air quality requirements.

46-0037P: Cabot Performance Materials (County Line Road, P. O. Box 1608, Boyertown, PA 19512-1608) for replacing an acid gas scrubber at its Boyertown facility in Douglass and Colebrookdale Townships, **Montgomery and Berks Counties**. This facility is a Title V facility. This replacement will not result in any emission increase of any pollutants. The Plan Approval and Operating Permit will contain recordkeeping requirements and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

23-0024B: Hanson Aggregates Pennsylvania, Inc. (523 West Forge Road, Glen Mills, PA 19342) for modification of a hot mix asphalt (HMA) plant in Middletown and Thornbury Townships, **Delaware County**. This facility is a non-Title V facility. The following is a summary of potential annual emissions from the proposed facility:

VOCs	Less than 8 tons
Particulate Matter	Less than 6 tons
Sulfur Oxides	Less than 33 tons
Carbon Monoxide	Less than 6 tons
Nitrogen Oxides	Less than 20 tons
Hazardous Air Pollutants	Less than 3 tons

The modification made to the HMA plant is the reduction of hours of operation, to avoid becoming a major facility when combining emissions of NOx with the adjacent Aggregate plant, both owned and operated by the same owner. The Plan Approval will contain recordkeeping and operating restrictions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

09-00016: Exelon Generation Co., LLC (200 Exelon Way, KSA 1-E, Kennett Square, PA 19348) for modification of its combustion turbine at its Croydon Generation Station in Bristol Township, **Bucks County**. The Croydon Generation Station is a Title V facility. This modification will not result in net emission changes of any pollutants. The Plan Approval and Operating Permit will contain recordkeeping requirements and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Contact: Michael Safko, Facilities Permitting Chief, (570) 826-2531.

40-320-019: Exopack, LLC (3 Maple Wood Drive, Hazleton, PA 18202) for installation of two flexographic printing lines at its facility in Hazle Township, **Luzerne County**. This facility is a non-Title V facility. Installation of these lines will increase potential VOC emissions from the facility by 12.88 tons per year. Actual VOC emissions increase will be less than 2.94 tons per year. The plan approval limits VOC emissions from this source to 12.88 tons per year on a 12-month rolling sum for the VOC emissions. The operating permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerston Avenue, Harrisburg, PA 17110; Contact: Yasmin Neidlinger, Facilities Permitting Chief, (717) 705-4702.

36-03092A: Donegal Rock Products, LLC (P. O. Box 10, Rheems, PA 17570) for modification of the former Union Quarries, Inc. limestone crushing plant in West Donegal Township, **Lancaster County**. The modifications include the addition of conveyors, screens, crushers and a fabric filter. Particulate matter emissions from the modified plant are estimated at less than 12 tons per year. The plan approval and amended operating permit will contain emission restrictions, work practice standards, monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality requirements.

67-05046C: United Defense, LP (1100 Bairs Road, York, PA 17404) for raising of the VOC emission limitations due to painting operations at its Ground Systems Division in West Manchester Township, **York County**. This manufacturing operation is a non-Title V facility. This modification will result in less than 30 tons per year of VOC being emitted from the painting operations. Standard monitoring, recordkeeping and work practice standards shall be included to keep the facility operating within all applicable requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: David Aldenderfer, Program Manager, (570) 327-3637

41-00013A: Coastal Aluminum Rolling Mills, Inc. (2475 Trenton Avenue, Williamsport, PA 17701) for installation of an air cleaning device, a regenerative thermal oxidizer, on seven existing aluminum coil coating lines at their facility in the City of Williamsport, **Lycoming County**. The respective facility is a major facility for which a Title V Operating Permit (41-00013) has been issued.

The proposed regenerative thermal oxidizer will replace the six catalytic oxidizers currently used to control the VOC emissions from the seven coil coating lines and will provide an equivalent, or better, degree of control than is currently being provided by the catalytic oxidizers. The coil coating lines currently have the combined potential to emit up to 64.44 tons of VOCs in any 12 consecutive month period after the application of control, all of which is also legally allowed to be volatile hazardous air pollutants (the actual emission of volatile hazardous air pollutants has historically, however, been significantly less than this value).

The Department's review of the information contained in the application indicates that the coil coating lines will continue to comply with all applicable requirements pertaining to air contamination sources and the emission of air contaminants following the installation of the regenerative thermal oxidizer, including all applicable Title V operating permit conditions, the requirements of 25 Pa. Code § 129.52 and the requirements of Subpart TT of the Standards of Performance for New Stationary Sources, 40 CFR 60.460–60.466. Based on this finding, the Department intends to approve the application and issue plan approval to install the regenerative thermal oxidizer.

The following is a summary of the conditions the Department proposes to place in the plan approval to ensure compliance with all applicable regulatory requirements:

1. The regenerative thermal oxidizer shall achieve a VOC destruction efficiency of at least 96% for the coil

coating line identified as Source ID P204A at all times except when the VOC concentration in the inlet of the regenerative thermal oxidizer is less than 200 ppm and at least 95% at all times for the coil coating line identified as Source ID P206.

2. The overall capture and destruction efficiency for the coil coating line identified as Source ID P204A shall be at least 96% at all times except when the VOC concentration in the inlet of the regenerative thermal oxidizer is less than 200 ppm. The overall capture and destruction efficiency for each of the coil coating lines identified as Source ID P201, Source ID P202, Source ID P203, Source ID P204, Source ID P205 and Source ID P206 shall be at least 90% on a monthly average basis.

3. The coil coating line curing oven purge dampers shall be interlocked so that coating cannot be applied to the coil if the purge dampers are open to the atmosphere.

4. The coil coating lines shall not be operated if the regenerative thermal oxidizer is inoperable.

5. Upon any occasion that any of the coil coating lines are operated, a minimum regenerative thermal oxidizer combustion chamber temperature of 1,500°F shall be achieved prior to the commencement of coating and shall thereafter be maintained at all times while coating is occurring.

6. The regenerative thermal oxidizer shall be equipped with instrumentation to monitor and record the combustion chamber temperature on a continuous basis.

7. Within 120 days of the completion of installation of the regenerative thermal oxidizer, testing shall be performed to determine the VOC destruction efficiency of the regenerative thermal oxidizer as well as the VOC emission rate from the regenerative thermal oxidizer while all coil coating lines are operating and, additionally, while only one coil coating line is operating. The VOC capture efficiency for each coil coating line shall also be determined. Testing shall thereafter be performed every 2 years.

02166: SBC Telecom (4736 South Fairview Avenue, Fourth Floor, Park Ridge, IL 60068) for installation of a 1,020 kW Diesel Emergency Generator at 401 North Broad Street, Philadelphia, PA 19130. Operation is restricted to less than 500 hours in any rolling 12-month period. The facility potential NOx emissions will be 5.2 tons per rolling 12-month period. The plan approval will contain operating and recordkeeping requirements to ensure operation within all applicable requirements.

02156: Purolite Co. (150 Monument Road, Bala Cynwyd, PA 19004) for installation of an acid diluter in the cation manufacturing process. The acid vapors from the diluter will be controlled by a caustic scrubber. The plan approval will contain operating and recordkeeping requirements to ensure operation within all applicable requirements.

Natural Minor Operating Permit is for the operation of the facility's air contamination sources consisting of two (natural gas and no. 2 oil) boilers, a natural gas-fired boiler, several miscellaneous natural gas-fired combustion units, four cooling towers, the superoxide process, the MDEB and TEB process, diborane packaging, batch borane chemical synthesis, drum cleaning and labs, borane derivatives, bag filling station, hydrogen production, storage tanks, alkali metals oxide production, potassium production, rubber bonding and processing, several diesel emergency generators in Forward Township, **Butler County**.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); and The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated before each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections, or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the previous, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the previously-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments, objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the state to certify that the involved projects will not violate the applicable provisions of sections 301–303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311–1313, 1316 and 1317) as well as relevant state requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on

each working day at the office noted before the application.

Persons with a disability and wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E15-699. Estate of Averell Penn Smith Walker, P. O. Box 613, Unionville, PA 19375, East Marlborough Township, **Chester County**, ACOE Philadelphia District.

To replace and maintain an existing bridge with a single cell box reinforced concrete culvert measuring 15 feet long by 22 feet wide by 6.7 feet high over the West Branch of the Red Clay Creek (TSF). The work will involve grading and construction work in the floodway including placement of riprap protection with approximately 15 linear feet of permanent impact and 35 linear feet of temporary impact along the Red Clay Creek. The project is located approximately 3,000 feet south of the intersection of Poplar and Wollaston Roads (Unionville, PA Quadrangle N: 1.40 inch; W: 15.50 inches).

E23-432. Sunoco Pipeline LP, Ten Penn Center, 1801 Market Street, Philadelphia, PA 19103-1699, Tinicum Township, **Delaware County**, ACOE Philadelphia District.

To impact 0.182 acre of wetland (EV-PEM) draining to Long Hook Creek South (WWF-MF) and Darby Creek (WWF-MF) associated with anomaly subsurface investigation of the existing Sunoco 12-inch south line. The works will involve excavation and exposing two segments of the existing pipeline for visual inspection. A temporary work access area will be needed for both investigation sites. Site One (Tinicum Island Road) is located approximately between the bridge that conveys Governor Printz Boulevard (SR 0291) over Norfolk Rail Road and Tinicum Island Road. Site Two (Lester Road) is located approximately 400 feet west of the intersection of Powhattan Avenue and 5th Street in Lester. Both sites are in Tinicum Township (Bridgeport NJ-PA Quadrangle N: 21.90 inches; W: 4.00 inches).

E46-929. Upper Dublin Township, 801 Loch Alsh Avenue, Fort Washington, PA 19304, Upper Dublin Township, **Montgomery County**, ACOE Philadelphia District.

To replace and maintain an existing single span concrete bridge measuring approximately 54.5 feet long and 35 feet wide with a single span bridge measuring approximately 78 feet long and 29 feet wide situated over Pine Run (TSF). The work will involve grading activities within the floodway and floodplain and the removal of silt deposits within the stream channel temporarily impacting approximately 100 linear feet of watercourse. The project site is located approximately 455 feet southeast of the

intersection of Delaware and Virginia Drives (Ambler, PA Quadrangle N: 1.80 inches; W: 9.00 inches).

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

E54-305. Schuylkill County, 401 North Second Street, Pottsville, PA 17901, in Port Carbon Borough, **Schuylkill County**, U.S. Army Corps of Engineers, Philadelphia District.

To remove the existing structure and to construct and maintain a concrete spread box beam bridge having a single span of 60 feet and underclearance of 14.3 feet across the Schuylkill River (CWF). The bridge is known as County Bridge No. 106 and is located along Mill Street, just south of SR 0209 (Pottsville, PA Quadrangle N: 12.6 inches; W: 5.3 inches).

E54-304. Trans Western Polymers, Inc., 6645 Las Positas Boulevard, Livermore, CA 94550, in Rush Township, **Schuylkill County**, U.S. Army Corps of Engineers, Philadelphia District.

To place fill in 0.29 acre of PFO wetlands in the Nesquehoning Creek watershed (HQ-CWF) to allow the expansion of an existing plastics manufacturing facility. The project is located on the south side of Township Road T-929 (Progress Avenue) in Tidewood Industrial Park (Tamaqua, PA Quadrangle N: 14.6 inches; W: 15.2 inches).

E48-333. Fairfield Development Associates, 3864 Courtney Street, Bethlehem, PA 18017, in Bethlehem Township, **Northampton County**, U.S. Army Corps of Engineers, Philadelphia District.

To construct and maintain an 8-foot by 6-foot concrete box culvert having a 1-foot culvert depression in a tributary to Bushkill Creek (HQ-CWF) to provide access to lot 7 of the Hecktown Road Business Park. The project also includes the construction of an earthen berm in the floodway of said tributary located approximately 250 feet upstream of the road crossing. The project is located approximately 0.75 mile northeast of the intersection of SR 0022 and SR 0033 (Nazareth, PA Quadrangle N: 12.0 inches; W: 4.3 inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E21-293-A LFGC Incorporated, P. O. Box 1229, Camp Hill, PA 17001 in Lower Allen Township, **Cumberland County**, ACOE Baltimore District.

To construct and maintain: (1) two minor road crossing; and (2) two miniature golf courses complete with appurtenances within unnamed tributaries to and within the floodway of (respectively) the Yellow Breeches Creek (CWF) at a point along Lisburn Road between the Lower Allen Community Park and Old Forge Road (Lemoyne, PA Quadrangle N: 9.15 inches; W: 6.60 inches) in Lower Allen Township, Cumberland County.

E22-446. Larry Lugaro, Commerce Bank, 100 Senate Avenue, Camp Hill, PA 17011.

To place fill within the floodway of a tributary to Spring Creek (WWF) at a point at the intersection of Derry Street and East Park Drive for the propose of constructing a bank building (Harrisburg, PA Quadrangle N: 1.5 inches; W: 8.4 inches) in Swatara Township, Dauphin County.

E38-136. Ronald Sniegocki, 360 Palmyra-Bellegrave Road, Annville, PA 17003. To construct and maintain a

20-foot by 8-foot and a 16-foot by 5-foot concrete box culverts at the channel of an unnamed tributary to Quittapahilla Creek (TSF) to construct Carson Lane of the proposed Sniegocki development located on the east side of the Palmyra-Bellegrove Road (SR 4008) about 1,200 feet south of its intersection with Snyder Road (T-864) (Palmyra, PA Quadrangle N: 16.2 inches; W: 8.6 inches and N: 16.1 inches; W: 8.87 inches respectively) in North Londonderry Township, Lebanon County.

E38-137. Donald Lechietner, SA & B Partners, 1840 Fishburn Road, Hershey, PA 17033 in South Londonderry Township, **Lebanon County**, ACOE Baltimore District.

To relocate 115 feet of stream channel and to construct and maintain: (1) a 14-foot by 3-foot concrete box culvert at the channel of Spring Creek (WWF); (2) two outfall pipes; and (3) to fill in 0.02 acre of wetland to construct Barnwell Lane of the proposed Stone Knoll Phase II development located on the east side of Lawn Road (SR 3015) about 500 feet south of its intersection with U.S. Route 322 (Palmyra, PA Quadrangle N: 4.75 inches; W: 10.9 inches) in South Londonderry Township, Lebanon County.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E14-436. Huston Township Authority, P. O. Box 40, Julian, PA 16844. Sewer line crossing and outfall, in Huston Township, **Centre County**, ACOE Baltimore District (Julian, PA Quadrangle N: 20.95 inches; W: 8.60 inches).

To construct and maintain a sanitary sewer collection system: (1) four 2-inch PVC pipe crossings and the associated 20 linear foot riprap crossing protection of an unnamed tributary to Laurel Run; (2) one 2-inch PVC pipe crossing and the associated 20 linear foot riprap crossing protection of Laurel Run; (3) 65 linear feet crossing of a wetland with an 8-inch diameter pipe; and (4) a concrete headwall and R-5 riprap apron outfall for a 8-inch diameter discharge pipe. This project proposes to directly impact 100 linear feet of Laurel Run or its tributaries that are classified as an EV waterway, 65 linear feet of a Bald Eagle Creek riparian wetland and 10 linear feet of Bald Eagle Creek that is classified as a TSF.

E17-377. Department of Transportation, Engineering District 2-0, P. O. Box 342, Clearfield, PA 16830. SR 0053, Section A04 Bridge Replacement, in Cooper Township, **Clearfield County**, ACOE Baltimore District (Karthaus, PA Quadrangle N: 6.44 inches; W: 8.19 inches).

To remove an existing two span bridge and construct, operate and maintain a three span concrete girder bridge to carry SR 0053, Section A04 across Moshannon Creek (CWF) to improve public highway safety. The prestressed concrete multi-girder bridge shall be constructed with three clear spans of 80 feet, skew of 65 degrees and minimum underclearance of 17.5 feet. The bridge construction project will not impact wetlands while impacting 150 feet of waterway that is located along SR 0053 approximately 2.5 miles east of Township Road No. 728 and SR 0219 intersection. This permit also authorizes the construction, operation, maintenance and removal of temporary construction causeways, stream diversions and cofferdams. All temporary structures shall be constructed with clean rock, free of fines and silts or other nonerodible material. Upon completion of the bridge construction,

all temporary structures shall be completely removed from the channel and floodplain.

E18-348. Ernest and Nancy Renninger, 164 East End Mountain Road, Mill Hall, PA 17751. Lock 34 Restoration, in Woodward Township, **Clinton County**, ACOE Baltimore District (Lock Haven, PA Quadrangle N: 2.6 inches; W: 8.25 inches).

To construct or rebuild and maintain: (1) a 110-foot by 25-foot boat slip with the associated 50 foot wide stone block riverside entrance protection in a historical waterway chute in the left bank of the West Branch Susquehanna River by excavating 2,092 square feet of wetland and 6,308 square feet of upland floodway; (2) a 6-foot wide by 20-foot long bridge over a historical canal lock; (3) an 8-foot by 16-foot open sided pavilion on 6-inch by 6-inch posts with a concrete/brick at-grade floor in the left floodway; (4) a 270-foot long reach of the historical canal and Lock 34; and (5) 200 feet of split rail fence on the western property line between the river and SR 664. The project proposes the directly impact 50 linear feet of the West Branch Susquehanna River that is classified as a WWF.

E55-191. Department of Transportation, Engineering District 3-0, P. O. Box 218, Montoursville, PA 17754-0218. SR 1009 Section 006M unnamed tributary to Middle Creek bridge replacement, in Middle Creek Township, **Snyder County**, ACOE Susquehanna River Basin District (Freeburg, PA Quadrangle N: 11.6 inches; W: 12.0 inches).

To remove an existing bridge and construct and maintain a 6-foot by 20-foot concrete arch culvert on a skew of 57° in a tributary to Middle Creek located 0.5 mile northeast of Kreamer along SR 1009, in Middle Creek Township, Snyder County. This project proposes to have an impact approximately 150 linear feet on the unnamed tributary to Middle Creek, which is designated CWF. This project does propose to permanently impact 0.25 acre of jurisdictional wetlands.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E65-815. Municipality of Murrysville, 4100 Sardis Road, Murrysville, PA 15668. Municipality of Murrysville, **Westmoreland County**, ACOE Pittsburgh District.

To remove the existing structure and to construct and maintain a 10.0-foot by 6.0-foot reinforced concrete box culvert in an unnamed tributary to Turtle Creek (TSF) located on Cline Hollow Road approximately 800 feet north of Route 22 (Murrysville, PA Quadrangle N: 9.29 inches; W: 4.9 inches).

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E10-367. James Nagy, 123 North Drive, Valencia, PA 16059. Nagy Bridge, in Jefferson Township, **Butler County**, ACOE Pittsburgh District (Saxonburg, PA Quadrangle N: 6.8 inches; W: 12.2 inches).

To operate and maintain a single span steel beam bridge with concrete abutments and having a clear span of 18 feet and an underclearance of 5 feet across Thorn Creek (CWF) on the east side of SR 2010 (Saxonburg Road) in Jefferson Township, Butler County approximately 0.8 mile north of the intersection of SR 2010 (Saxonburg Road) and W. Jefferson Road in support of a private access driveway and a single family residence. This bridge has been constructed prior to obtaining a permit.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT—NPDES AND WQM PART II PERMITS INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

NPDES STORMWATER INDIVIDUAL PERMITS—(PAS)

The following NPDES Individual Permits for Discharges of Stormwater Associated with Construction Activities have been issued.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

APPROVALS TO USE NPDES AND/OR OTHER GENERAL PERMITS

The following parties have submitted: (1) Notices of Intent for Coverage under (1) General NPDES Permits to Discharge Wastewater into the Waters of the Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations. Monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in this Commonwealth; (3) General NPDES Permit Authorizing the Discharge of Stormwater Associated with Construction Activities to Waters of the Commonwealth; (4) Notification for First Use Application of Sewage Sludge.

The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. The Department of Environmental Protection approves the following coverage under the specific General Permit.

The EPA Region III Administrator has waived the right to review or object to this permit action under the waiver provision 40 CFR 123.23(d).

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

PUBLIC WATER SUPPLY PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Safe Drinking Water Act for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701.

Dominion Transmission, Inc.—Northeast Hub Project—Former Perry Smith Property, Lawrence Township, **Tioga County**. Dominion Energy, Inc., 625 Liberty Avenue, Pittsburgh, PA 15222, has submitted a Final Report concerning soil contaminated with diesel fuel. Petroclean, on behalf of Dallas Morris Drilling, Inc., 103 South Kendall Avenue, Rte. 2, Box 87, Bradford, PA 16701-9802, has submitted a Final Report concerning soil and surface water contaminated with PHCs. This Final Report is intended to demonstrate attainment of the Statewide Health Standard. See additional entry in Actions section of this *Pennsylvania Bulletin*.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the Act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports

submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701.

Conseco Property—Coalport, Becarria Township, **Clearfield County**. Mountain Research, LLC, on behalf of Conseco, Inc., 105 Bradford Road, Stonewood Commons III, Suite 200, Wexford, PA 15090, has submitted a Final Report concerning soil contaminated with No. 2 fuel oil. The Final Report demonstrated attainment of the Statewide Health Standard and was approved by the Department on December 23, 2002.

Dallas Morris Drilling Accident, Bell Township, **Clearfield County**. Petroclean, on behalf of Dallas Morris Drilling, Inc., 103 South Kendall Avenue, Rte. 2, Box 87, Bradford, PA 16701-9802, has submitted a Final Report concerning soil and surface water contaminated with PHCs. The Final Report demonstrated attainment of the Statewide Health Standard and was approved by the Department on December 30, 2002. SPECIAL NOTICES

Certified Emission Reduction Credits in the Commonwealth's ERC Registry

Emission reduction credits (ERCs) are surplus, permanent, quantified and Federally enforceable emission reductions used to offset emission increases of NO_x, VOCs and the following criteria pollutants: carbon monoxide (CO), lead (Pb), oxides of sulfur (SO_x), particulate matter (PM), PM₁₀ and PM₁₀ precursors.

The Department of Environmental Protection (Department) maintains an ERC registry in accordance with the requirements of 25 Pa. Code § 127.209. The ERC registry system provides for the tracking of the creation, transfer and use of ERCs. Prior to registration of the credits, ERC registry applications are reviewed and approved by the Department to confirm that the ERCs meet the requirements of 25 Pa. Code §§ 127.206—127.208. Registration of the credits in the ERC registry system constitutes certification that the ERCs satisfy applicable requirements and that the credits are available for use. The following registered and certified ERCs in the ERC Registry are currently available for use as follows:

- (1) To satisfy new source review (NSR) emission offset ratio requirements.

- (2) To "net-out" of NSR at ERC-generating facilities.

- (3) To sell or trade the ERCs for use as emission offsets at new or modified facilities.

The certified ERCs shown, expressed in tons per year (tpy), satisfy the applicable ERC requirements contained

in 25 Pa. Code §§ 127.206—127.208. ERCs created from the curtailment or shutdown of a source or facility expires for use as offsets 10 years after the emission reduction occurs. ERCs generated by the overcontrol of emissions by an existing facility do not expire for use as offsets. However, credits in the registry which are not used in a plan approval will be discounted if new air quality requirements are adopted by the Department or the EPA.

For additional information concerning this listing of certified ERCs, contact Virendra Trivedi, Bureau of Air Quality, Division of Permits, Department of Environmental Protection, 12th Floor, Rachel Carson State Office Building, P. O. Box 8468, Harrisburg, PA 17105-8468, (717) 787-4325.

Certification to Perform Radon-Related Activities in this Commonwealth

In the month of December 2002, the Department of Environmental Protection, under the authority contained in the Radon Certification Act (63 P. S. §§ 2001—2014) and regulations promulgated thereunder at 25 Pa. Code Chapter 240, has certified the persons listed to perform radon-related activities in this Commonwealth. The period of certification is 2 years. For a complete list of persons currently certified to perform radon-related activities in this Commonwealth and for information as to the specific testing devices that persons certified for testing or laboratory are certified to use, contact the Bureau of Radiation Protection, Radon Division, P. O. Box 8469, Harrisburg, PA 17105-8469, (800) 23-RADON.

Availability of Technical Guidance

Technical guidance documents are on the Department of Environmental Protection's (Department) website (www.dep.state.pa.us) at the Public Participation Center page. The "January 2003 Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various Department bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to the Department's draft technical guidance documents.

The Department will continue to revise its non-regulatory documents, as necessary, throughout 2003.

Ordering Paper Copies of Department Technical Guidance

The Department encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling the Department at (717) 783-8727.

In addition, bound copies of some of the Department's documents are available as Department publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

Final Technical Guidance

DEP ID: 400-0200-001. Title: Policy for Pennsylvania Natural Diversity Inventory (PNDI) Coordination During Permit Review and Evaluation. Description: The Department has revised its policy to clarify PNDI coordination

within the permit review process. It is the Department's policy to ensure that permit applications and requests for authorizations, received by the Department and County Conservation District staff (when acting under the authority of the Department), are coordinated with the Department of Conservation and Natural Resource's PNDI. PNDI coordination will be conducted in a manner consistent with the requirements of the rules and regulations implemented by the Department. The Department and County Conservation District staff will follow this policy during the permit application review process. Effective Date: January 18, 2003. Notice of Intent to Rescind

The Department's drinking water program is reorganizing how technical guidance documents are organized on the Department's website. The program created staff handbooks in the mid 1990s as a way to organize the various guidance documents and ensure their availability to the staff and public. Currently, most documents are listed under a section of a specific safe drinking water staff handbook. With the advent of the Department's website and the Environmental Print Shop, these documents are even more readily available, either electronically or for ordering. The staff and public can selectively request or download the documents as needed. Therefore, the Department no longer maintains the complete staff handbooks. The Department intends to remove the references to the staff handbooks and simply list the individual guidance documents on the website. No individual guidance documents will be rescinded as a result of this action. Refer to these DEP ID numbers:

Coastal Zone Management Program; Routine Program Changes

The Department of Environmental Protection (Department) is proposing several minor changes to the Commonwealth's Coastal Zone Management (CZM) Program. As required by 15 CFR 923, the CZM Program is providing public notice of the changes that occurred in 2000 and 2001.

The changes involve:

- Amendments to State regulations currently networked into the CZM Program's enforceable policies.
- The addition of an Ocean Resources Policy.
- The addition of one geographic area of particular concern in the Lake Erie Coastal Zone.

Since these changes revise the Commonwealth's Federally approved CZM Program, the changes must be reviewed by the Federal Office of Ocean and Coastal Resource Management (OCRM).

The Commonwealth has notified OCRM that the proposed changes are considered by the Commonwealth to be routine program changes (RPC). An RPC is defined by Federal CZM regulations at 15 CFR 923 as an action taken by a state to further detail the implementation of the state's CZM Program. Essentially, these changes are either clarifications, minor revisions or improvements, and do not substantially alter one or more of the following CZM Program areas:

- Uses subject to management.
- Special management areas.
- Boundaries.
- Authorities and organization.
- Coordination, public involvement and the national interest.

Therefore, the Commonwealth has requested OCRM to concur with this determination.

Copies of the proposed changes, *RPC XI—Proposed Routine Program Changes to Pennsylvania's Coastal Zone Management Program that Have Occurred in 2000 and 2001*, are available for review at the Erie County Department of Planning and the Delaware Valley Regional Planning Commission. In the Lake Erie Region, contact Autumn Plonski, Erie County Courthouse, Rm. 119, 140 W. 6th St., Erie, PA 16501, (814) 451-6017. In the Delaware Estuary Region, contact Chris Linn, 111 South Independence Mall East—The Bourse Building, Eighth Floor, Philadelphia, PA 19106-2582, (215) 592-1800. Also, copies may be reviewed in Harrisburg, PA by calling Larry Toth, Coastal Zone Management Program, (717) 772-5622.

The RPC is available on the Department's website at www.dep.state.pa.us (directLINK "Coastal Zones").

Interested parties can submit comments on whether these actions do or do not constitute an RPC. Comments must be submitted within 3 weeks from the date of this notice to Meredith Bland, Program Specialist, United States Department of Commerce, Coastal Programs Division, OCRM, SSMC4, Room 11209 (N/ORM3), 1305 East-West Highway, Silver Spring, MD 20910.

Cosponsors Needed for Mercury Thermometer Exchange Events

The Department of Environmental Protection (Department), Office of Pollution Prevention and Compliance Assistance, is seeking partners to cosponsor mercury thermometer exchange events throughout this Commonwealth. These events will provide the public with the opportunity to safely dispose of their mercury thermometers in exchange for a safer alternative. Cosponsors are needed for these events that are willing to supply the public with alternative thermometers free of charge.

Many citizens have mercury thermometers in their households; however, most are unaware of the harmful effects these thermometers can cause. Mercury thermometers can easily be broken, resulting in the release of mercury to the environment. Mercury is a toxic substance that is dangerous to human health, causing brain and central nervous system damage. Mercury is also known to be a major source of environmental pollution.

The Department anticipates the events will eliminate this source of mercury from the waste stream, prevent environmental pollution and educate the public about the toxicity of mercury. These events will also provide a unique opportunity for cosponsors to demonstrate their environmental and social responsibility by providing the public with mercury-free thermometers at no charge.

To learn more about becoming a cosponsor of an event or to obtain more information about these events, contact Ann Miller, Office of Pollution Prevention and Compliance Assistance, (717) 787-0121, anmiller@state.pa.us.

Laboratories Approved to Determine Blood Alcohol Content

The following laboratories are licensed by the Department of Health (Department) under the Clinical Laboratory Act (act) (35 P. S. §§ 2151—2165) and are currently approved by the Department under 28 Pa. Code §§ 5.50 and 5.103 (relating to approval to provide special analytical services; and blood tests for blood alcohol content) to perform alcohol analyses of blood and/or serum and plasma. This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories. Since procedures for determining the alcohol content of serum and plasma are identical and results obtained from serum or plasma derived from a blood sample are the same, laboratories that demonstrate reliability in the analysis of serum proficiency testing specimens are approved to analyze both serum and plasma. These laboratories are also approved and designated under 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or con-

trolled substance; and reports by emergency room personnel), 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and 34 Pa.C.S. § 2502, (relating to hunting or furtaking under the influence of alcohol or controlled substance) as qualified to perform the types of specialized services which will reflect the presence of alcohol in blood and/or serum and plasma. Laboratories located outside this Commonwealth may not provide blood and/or serum and plasma alcohol testing services in this Commonwealth unless they are specifically licensed by the Department under the act.

Persons seeking forensic blood and/or serum and plasma analysis services from the following designated laboratories should determine that the laboratory employs techniques and procedures acceptable for forensic purposes and that the director of the facility is agreeable to performing determinations for this purpose. The list of approved laboratories will be revised approximately semi-annually and published in the *Pennsylvania Bulletin*.

The Department's blood alcohol and serum/plasma alcohol proficiency testing programs are approved by the United States Department of Health and Human Services in accordance with the requirements contained in the Clinical Laboratory Improvement Amendments of 1988 (42 CFR 493.901 and 493.937) which are administered by the Health Care Financing Administration. Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 280-3464 Ext. 3273.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape or Braille) should contact Dr. Shoemaker at the previously referenced address or phone number or persons who are speech or hearing impaired may use V/TT: (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

The symbols S and B indicate the following:

B = approved for blood analyses

SB = approved for serum, plasma and blood analyses

Laboratories Approved to Perform Blood Lead and/or Erythrocyte Protoporphyrin Determinations

The following laboratories are licensed in accordance with the Clinical Laboratory Act (35 P. S. §§ 2151—2165) and/or the Federal Clinical Laboratory Improvement Act of 1967 (42 U.S.C.A. § 263a) and are currently approved under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of blood for lead or erythrocyte protoporphyrin content. This approval is based on demonstrated proficiency in periodic

evaluations conducted by the Bureau of Laboratories of the Department of Health (Department).

Lead poisoning is a reportable noncommunicable disease. Approved laboratories which offer blood lead testing services are required to inform the Department of actual or possible incidents of this condition in accordance with 28 Pa. Code § 27.34 (relating to reporting cases of lead poisoning). These regulations specify the following requirements for reporting by clinical laboratories.

(1) A clinical laboratory shall report all blood lead test results on both venous and capillary specimens for persons under 16 years of age to the Department's Childhood Lead Poisoning Prevention Program, Division of Maternal and Child Health, Bureau of Family Health.

(2) A clinical laboratory shall report an elevated blood lead level in a person 16 years of age or older to the Department's Division of Environmental Health Epidemiology, Bureau of Epidemiology or to other locations as designated by the Department. An elevated blood lead level is defined by the National Institute for Occupational Safety and Health (NIOSH). As of January 26, 2002, NIOSH defines an elevated blood lead level as a venous blood lead level of 25 micrograms per deciliter ($\mu\text{g/dL}$) or higher. The Department will publish in the *Pennsylvania Bulletin* any NIOSH update of the definition within 30 days of NIOSH's notification to the Department.

(3) A clinical laboratory which conducts blood lead tests on 100 or more specimens per month shall submit results electronically in a format specified by the Department.

(4) A clinical laboratory which conducts blood lead tests on less than 100 blood lead specimens per month shall submit results either electronically or by hard copy in the format specified by the Department.

(5) A laboratory which performs blood lead tests on blood specimens collected in this Commonwealth shall be licensed as a clinical laboratory and shall be specifically approved by the Department to conduct those tests.

(6) Blood lead analyses requested for occupational health purposes on blood specimens collected in this Commonwealth shall be performed only by laboratories which are licensed and approved as specified in paragraph (5) and which are also approved by the Occupational Safety and Health Administration of the United States Department of Labor under 29 CFR 1910.1025(j)(2)(iii) (relating to lead).

(7) A clinical laboratory shall complete a blood lead test within 5 work days of the receipt of the blood specimen and shall submit the case report to the Department by the close of business of the next work day after the day on which the test was performed. The clinical laboratory shall submit a report of lead poisoning using either the hard-copy form or electronic transmission format specified by the Department.

(8) When a clinical laboratory receives a blood specimen without all of the information required for reporting purposes, the clinical laboratory shall test the specimen and shall submit the incomplete report to the Department.

Erythrocyte protoporphyrin determinations may be performed as an adjunct determination to substantiate blood lead levels of 25 micrograms per deciliter or higher. Since erythrocyte protoporphyrin concentrations may not increase as a result of low-level exposures to lead, direct blood lead analysis is the only reliable method for identifying individuals with blood lead concentrations below 25 micrograms per deciliter.

Persons seeking blood lead or erythrocyte protoporphyrin analyses should determine that the laboratory employs techniques and procedures acceptable for the purpose for which the analyses are sought. Laboratories offering blood lead analysis only are designated with the letter "L" following the name of the laboratory. Those offering erythrocyte protoporphyrin analysis only are designated with the letter "P." Laboratories offering both services are designated with the letters "LP."

The list of approved laboratories will be reviewed semiannually and if there are changes to the list, a notice to that effect will be published in the *Pennsylvania Bulletin* at that time.

The Department's blood lead proficiency testing program is approved by the United States Department of Health and Human Services in accordance with the requirements contained in the Clinical Laboratory Improvement Amendments of 1988 (42 CFR 493.901 and 493.937) which are administered by the Centers for Medicare and Medicaid Services. Participation in these programs may be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Director, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 280-3464 Ext. 3273.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape or Braille) should contact Dr. Shoemaker at V/TT: (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

DEPARTMENT OF PUBLIC WELFARE

Payments to Nursing Facilities; July 1, 2002 Final Rates

The purpose of this notice is to announce final payment rates for nursing facilities beginning July 1, 2002, in accordance with section 1902(a)(13)(A) of the Social Security Act (42 U.S.C.A. § 1902(a)(13)(A)), as amended by section 4711 of the Balanced Budget Act of 1997 (Pub. L. No. 105-33). A 2002-2003 proposed rates notice was published at 32 Pa.B. 4661 (September 21, 2002), and provided for a 30-day comment period. The Department of Public Welfare (Department) received a comment letter on the proposed July 1, 2002, rate notice that was considered in the development of the final rates.

Rates

The final July 1, 2002, rates are available through the local county assistance offices throughout this Commonwealth or by contacting Tom Jayson, Policy Section, Bureau of Long Term Care Programs, (717) 705-3705. The final July 1, 2002, rates and the data used to compute the rates may be found on the Office of Medical Assistance Programs' website at www.dpw.state.pa.us/omap.

Methodology

The methodology that the Department used to set the final rates is contained in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting) and the Commonwealth's approved Title XIX State Plan.

Justification

The justification for establishing the final rates is that the regulations at 55 Pa. Code Chapter 1187 (relating to nursing facility services) and the Commonwealth's ap-

proved Title XIX State Plan require that rates be set on a quarterly basis.

Appeals

On December 12, 2002, the Department sent each Medical Assistance (MA) nursing facility provider a proposed Certification and Settlement Agreement for Year 8 (July 1, 2002—June 30, 2003). A provider that does not sign that agreement may file an administrative appeal if it believes that the Department made any errors in computing, or if it otherwise disagrees with its final rate. A provider's appeal must be in writing, sent to the Department's Bureau of Hearings and Appeals, P. O. Box 2675, Harrisburg, PA 17102, and received by the Bureau of Hearings and Appeals (Bureau) within 30 days of the date of the Department's letter notifying the provider of its final rates. The filing of an appeal constitutes the exclusive way by which a provider can present the Department with a demand that a final rate be modified, reversed, rescinded, or otherwise altered, or with a demand that the Department increase the amount of reimbursement paid to the provider under that rate. If a provider chooses to appeal, the provider will be afforded the opportunity for a de novo hearing before the Bureau. The provider's rates may be changed as a result of the final adjudication of the appeal. Providers should refer to 55 Pa. Code § 1187.141 (relating to nursing facility's right to appeal and to a hearing) for more detail regarding their appeal rights and the requirements related to their written appeals.

The estimated increase in annual aggregate expenditures for MA nursing facility services for FY 2002-2003 based on these final rates is \$ 70.427 million (\$31.918 million in State funds).

Interested persons are invited to submit written comments about the final rates to the Department within 30 days of publication of this notice in the *Pennsylvania*

Bulletin. Comments should be addressed to: Department of Public Welfare, Office of Medical Assistance Programs, Attention: Suzanne Love, P. O. Box 2675, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Services by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Payments to Nursing Facilities; October 1, 2002 Final Rates

This notice announces final nursing facility per diem payment rates based on case-mix index (CMI) adjustments only, for nursing facility services provided on or after October 1, 2002, in accordance with section 1902(a)(13)(A) of the Social Security Act (42 U.S.C.A. § 1902(a)(13)(A)), as amended by section 4711 of the Balanced Budget Act of 1997 (Pub. L. No. 105-33). On October 1, 2002, proposed rates notice was published at 32 Pa.B. 5481 (November 2, 2002), and provided for a 30-day comment period. The Department of Public Welfare (Department) did not receive any comments on the proposed October 1, 2002, rate notice.

Rates

The final October 1, 2002, rates are available at the local county assistance offices throughout this Commonwealth, on the Office of Medical Assistance Programs' website at www.dpw.state.pa.us/omap or by contacting Tom Jayson, Policy Unit, Bureau of Long Term Care Programs, (717) 705-3705.

Methodology

The methodology that the Department used to set the final rates based on CMI adjustments is contained in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting) and the Commonwealth's approved Title XIX State Plan.

Justification

The justification for establishing the final rates is that the regulations at 55 Pa. Code Chapter 1187 (relating to nursing facility services) and the Commonwealth's approved Title XIX State Plan require that rates be set on a quarterly basis.

Appeals

On December 12, 2002, the Department sent each Medical Assistance nursing facility provider a proposed Certification and Settlement Agreement for Year 8 (July 1, 2002—June 30, 2003). The estimated increase in annual aggregate expenditures for Medical Assistance nursing facility services for FY 2002-2003 based on these final rates is \$12.257 million (\$5.555 million in State funds).

Interested persons are invited to submit written comments about the final rates to the Department within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Peer Groups, Peer Group Medians and Peer Group Prices for General Nursing Facilities, County Nursing Facilities, Hospital-Based Nursing Facilities and Special Rehabilitation Facilities

Under 55 Pa. Code § 1187.95(a)(4) (relating to general principles for rate and price setting), the Department of Public Welfare (Department) announces its peer groups, peer group medians and peer group prices for general nursing facilities, county nursing facilities, hospital-based nursing facilities and special rehabilitation facilities. The Department will use the peer groups, peer group medians and peer group prices to determine case-mix rates for nursing facilities for the period July 1, 2002, through June 30, 2003 (Year 8). The Department calculated the peer groups, peer group medians and peer group prices announced in this notice in accordance with 55 Pa. Code Chapter 1187 (relating to nursing facility services) as amended at 32 Pa.B. 734, 758 (February 9, 2002). The data that the Department used to determine the peer

group medians and prices is available on the Office of Medical Assistance Programs' website at www.dpw.state.pa.us/omap.

To establish the database for the calculation of peer group medians and prices, the Department used each facility's three most recent audited cost reports that were issued by the Department on or before March 31, 2002, and indexed the costs for each report forward to the common date of December 31, 2002, using the CMS Nursing Home Without Capital Market Basket Index.

The following is a listing, by group, of the number of facilities with a particular year-end, and the inflation factor used to roll the costs of each facility forward to the common date of December 31, 2002.

GENERAL AND COUNTY NURSING FACILITIES

<i>Facility Year End</i>	<i>Number of Facilities*</i>	<i>Inflation Factor</i>

June 30, 2000	3	1.0930

*As a result of using the three most recent audited cost reports, the "Number of Facilities" column reflects a number in excess of actual enrolled nursing facilities.

After the database was inflated using the inflation values, the Department grouped the facilities in the correct geographic and bed size groupings. To establish peer groups, the Department used the most recent Metropolitan Statistical Area (MSA) group classification as published by the Federal Office of Management and Budget on or before April 1, 2002, to classify each nursing facility into one of three MSA groups or one non-MSA group. Then the Department used the bed complement of the nursing facility on the final day of the reporting period of the most recent audited MA-11 used in the Nursing Information System (NIS) database to classify nursing facilities into one of three bed complement groups. These groups are 3—119 beds, 120—269 and 270 and over. Peer groups 7 and 10 have been collapsed in accordance with 55 Pa. Code § 1187.94(1)(iv) (relating to

peer grouping for price setting). Peer group 13 is designated for special rehabilitation facilities only and peer group 14 is designated for hospital-based nursing facilities only, regardless of geographic location or bed-size.

After the database was established and the peer groups determined, the Department then calculated the medians and prices for each peer group. To calculate the resident care cost medians, the Department divided the audited allowable resident care costs for each cost report by the total facility case-mix index (CMI) from the available February 1 picture date closest to the midpoint of the cost report period to obtain case-mix neutral total resident care cost for the cost report year. The Department then divided the case-mix neutral total resident care cost for each cost report by the total audited actual resident days for the cost report year to obtain the case-mix neutral resident care cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the case-mix neutral resident care cost per diem for each nursing facility to obtain the average case-mix neutral resident care cost per diem of each nursing facility. The Department arrayed the average case-mix neutral resident care cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the other resident care cost medians, the Department first divided the audited allowable other resident care costs for each cost report by the total audited actual resident days for the cost report year to obtain the other resident related cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the other resident related cost for each nursing facility to obtain the average other resident related cost per diem of each nursing facility. The Department arrayed the average other resident related cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the administrative cost medians, the Department adjusted, as appropriate, the total audited actual resident days for each cost report to a minimum 90% occupancy in accordance with 55 Pa. Code § 1187.23 (relating to nursing facility incentives and adjustments). The Department then divided the audited allowable administrative cost for each cost report by the total audited actual resident days, adjusted to 90% occupancy, if applicable, to obtain the administrative cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the administrative cost for each nursing facility to obtain the average administrative cost per diem of each nursing facility. The Department arrayed the average administrative cost per diem for each nursing facility within the respective peer groups to determine a median for each peer group.

After the medians were determined for each peer group, the Department set prices using the medians. To set peer group prices, the Department multiplied the resident care cost median of each peer group by 1.17 to obtain the resident care cost peer group price; multiplied the other resident related cost median of each peer group by 1.12 to obtain the other resident related peer group price; and, multiplied the administrative cost median of each peer group by 1.04 to obtain the administrative cost peer group price.

The peer groups, peer group medians and peer group prices of general and county nursing facilities, hospital-based and special rehabilitation nursing facilities for Year 8 are listed in Annex A.

A Medical Assistance nursing facility provider that has not submitted a signed Certification and Settlement Agreement for Year 8 may file an administrative appeal if the provider believes that the Department made any errors, or the provider otherwise disagrees with the Year 8 peer group prices that the Department established for its peer group. A provider's appeal must be in writing to Department of Public Welfare, Bureau of Hearings and Appeals, P. O. Box 2675, Harrisburg, PA 17102, and received by the Bureau of Hearings and Appeals within 30 days of the date of this notice. If a provider chooses to appeal, the provider will be afforded the opportunity for a de novo hearing before the Bureau of Hearings and Appeals. The peer group prices applied in setting the provider's rates may be changed as a result of

the final adjudication of the provider's peer group price appeal. Providers should refer to 55 Pa. Code § 1187.141 (relating to nursing facility's right to appeal and to a hearing) for more detail regarding their appeal rights and the requirements related to their written appeals.

Public comment regarding this notice may be sent to: Gail Weidman, Long Term Care Policy Unit, Department of Public Welfare, Division of Long Term Care Client Services, P. O. Box 2675, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

HOUSING FINANCE AGENCY

Request for Proposals; Conference Planning Consultant for Housing Services Conference

The Housing Finance Agency (Agency) is currently planning a Statewide housing services conference for June 25-27, 2003. The conference will be held at the Penn Stater Conference Center Hotel, State College, PA. It is anticipated that approximately 300-400 persons will be in attendance over the 3-day period. The Agency is requesting interested conference and convention planners to respond to this Request for Proposal. The selected conference planner shall be responsible for the following types of services:

1. Assist with identifying conference speakers.
2. Assist with conference speaker logistics and contracts, including but not limited to: confirmation of information for brochure, compensation, biographies, room setups and handouts.
3. Create a speaker database to record all of the details specific to each speaker and each session.
4. Develop conference brochure in coordination with Housing Services staff.
5. Establish appropriate print deadlines (including brochure and conference materials).
6. Establish mailing deadlines and coordinate brochure mailing.
7. Process conference registrations and send confirmation notices to participants on a timely basis, including the spelling of the registrant's name, company name and session numbers.

8. Create a database to track all conference registrations. This includes contacting participants to clarify registrations or verify information if registration forms are incomplete. Provide a weekly count of registered participants, speakers and Agency staff.

9. Forward registration fees to the Agency on a weekly basis along with a copy of the front of each registration form.

10. Collect all registration fees for the conference.

11. Work with the Penn Stater to handle the onsite logistics, which include: room setups, registration areas, food, beverages, audio-visual equipment needs, special events, speaker and staff overnight rooms and any other onsite requirements. Work with the Penn Stater staff to finalize financial documentation for conference.

12. Create participant badges, speaker badges and name tents, including first, last and company names. Adhere ribbons specific to speakers and Agency staff. Prepare participant conference packets, obtaining tourist information to include in the packet. Copy conference materials and deliver to conference site.

13. Create a conference schedule (at-a-glance) and individual conference signs that list session titles, rooms and times.

14. Provide staff for onsite conference registration and coordination with the Penn Stater staff on sessions, meals, keynote addresses, audio-visual equipment needs and special events.

15. Mail each speaker a list of attendees, their titles and organizations sorted by session 5 days after the early bird deadline.

16. Create, distribute and collect conference evaluations for all sessions, keynote addresses, meals and special events and present them to the Agency at the close of the conference.

17. Provide a final conference report within 2 weeks of the conclusion of the conference. This report must include copies of all conference materials as well as:

- A final count of number of participants, speakers and Agency staff for meals and special events as well as overall conference registrations.
- A review of conference activities with recommendations for improvement of conference planning and onsite activities and facilities.
- A disk containing the speaker and participant databases.

18. Submit a formal written financial report within 1 month of the conclusion of the conference. This report must include a line item breakdown of all costs associated with the conference including invoices submitted to the Agency for direct payment.

Proposals must be received by the Agency by 2 p.m. on Friday, January 31, 2003. Identify cost and staff requirements associated with completion of each of the itemized responsibilities in preparing responses to this Request for Proposals. The Agency will evaluate the reasonableness of costs, experience in conference planning and coordination, provision of services and ability to accommodate the Agency's conference needs in making its determination. Proposals and requests for additional information should be directed to Lisa Yaffe, Director of Housing Services, Housing Finance Agency, 2101 N. Front Street, P. O. Box

8029, Harrisburg, PA 17105-8029, (717) 780-3874, TDD for Hearing Impaired (717) 780-1869.

Federal Terrorism Risk Insurance Act of 2002; Notice 2003-02

The Insurance Department (Department) is publishing notice that Congress recently enacted and the President has signed into law the Terrorism Risk Insurance Act of 2002 (H.R.3210) (act). This Federal law provides a Federal backstop for defined acts of terrorism and imposes certain obligations on insurers.

The Department has adopted a bulletin with regard to the act. The intent of this bulletin is to advise insurers of certain provisions of the act that may require them to submit a filing in this Commonwealth and to inform them regarding a voluntary procedure for insurers to use to expedite the filing and timely review of the disclosure notices, policy language and the applicable rates that are discussed in the act.

The bulletin has been posted in its entirety on the Department's website, <http://www.insurance.state.pa.us>. Specific questions relating to information provided in the bulletin may be directed to Pamela Seymore, Office of Rate and Policy Regulation, 1345 Strawberry Square,

Harrisburg, PA 17120, (717) 787-4192, pseymore@state.pa.us.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68), in connection with the termination of the insureds' automobile policy. The hearing will be held in accordance with the requirements of the act, 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure) and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). The administrative hearing will be held in the Insurance Department's regional office in Pittsburgh, PA. Failure by an appellant to appear at a scheduled hearing may result in dismissal with prejudice.

The following hearing will be held in the Pittsburgh Regional Office, Room 304 State Office Building, 300 Liberty Avenue, Pittsburgh, PA 15222.

Appeal of Michael P. and Jean Flood; file no. 02-494-91551; Erie Insurance Exchange; doc. no. E02-12-026; February 26, 2003, 10:30 a.m.

Parties may appear with or without counsel and offer relevant testimony and/or other relevant evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of

replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the previously referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Products Registered by Manufacturers as Malt or Brewed Beverages

The Liquor Control Board (Board) publishes the following list to identify those products that have been registered by their manufacturers as "malt or brewed beverages" under section 445 of the Liquor Code (47 P.S. § 4-445). "Malt or brewed beverages" are defined as "any beer, lager beer, ale, porter or similar fermented malt beverage containing one-half of one per centum or more of alcohol by volume." (47 P.S. § 1-102).

The fact that a given product is not found on this list does not mean it is not a "malt or brewed beverage" as that term is used in the Liquor Code. For updated information, refer to the Board's website at www.lcb.state.pa.us or contact Malt Beverage Compliance at (717) 787-5776.

MILK MARKETING BOARD

Hearing and Presubmission Schedule for All Milk Marketing Areas; Over-Order Premium

Under the Milk Marketing Law (31 P. S. §§ 700j-101—700j-1302), the Milk Marketing Board (Board) will conduct a public hearing for Milk Marketing Areas 1—6 on January 27, 2003, at 10 a.m. in Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA.

The purpose of the hearing is to receive testimony and exhibits concerning the level of the Class I over-order premium for March 2003—June 2003. The Board will not take evidence concerning split premiums or tying the level of the over-order premium to a mover.

The staff of the Board is deemed to be a party to this hearing, and the attorney representing staff is deemed to have entered his appearance. Other persons who wish to present evidence may be included on the Board's list of parties by: (1) having their attorney file with the Board by 4 p.m. on January 21, 2003, a notice of appearance substantially in the form prescribed by 1 Pa. Code § 31.25 (relating to form of notice of appearance); or (2) if unrepresented by counsel, filing with the Board by 4 p.m. on January 21, 2003, notification of their desire to be included as a party.

The parties shall observe the following requirements for advance filing of witness information and exhibits. The Board may exclude witnesses or exhibits of a party that fails to comply with these requirements. In addition, the parties shall have available in the hearing room at least 20 additional copies made available for the use of nonparties attending the hearing.

1. By 4 p.m. on January 21, 2003, each party shall file with the Board seven copies and ensure receipt by all other parties of one copy of:

a. A list of witnesses who will testify for the party along with a statement of the subjects concerning which each witness will testify. A witness who will be offered as an expert shall be so identified, along with the witness's area or areas of proposed expertise.

b. Each exhibit to be presented, including testimony to be offered in written form.

2. By 4 p.m. on January 24, 2003, each party shall file and serve as set forth in paragraph 1 information concerning rebuttal witnesses and copies of rebuttal exhibits. Parties that wish to offer in evidence documents on file with the Board, public documents, or records in other proceedings before the Board, or wish the Board to take

official notice of facts, shall comply with, respectively, 1 Pa. Code § 35.164, § 35.165, § 35.167 or § 35.173. Whenever these rules require production of a document as an exhibit, copies shall be provided to each Board member and to all other parties; in addition, at least 20 copies shall be available for distribution to nonparties attending the hearing.

Requests by parties for Board staff to provide data pertinent to the hearing shall be made in writing and received in the Board office by 4 p.m. on January 21, 2003.

The filing address for the Board is Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

Verizon Pennsylvania Inc. ("Verizon PA") and Verizon North Inc. ("Verizon North") (collectively "Verizon") hereby request that the Commission commence a proceeding for the purpose of determining statewide access rates for Verizon PA and Verizon North, in compliance with a condition of this Commission's November 4, 1999 Order approving the Verizon merger. This Joint Petition and its attachments constitute Verizon's proposal to resolve this proceeding and achieve statewide access rates.

Verizon's proposal is modeled upon and virtually identical in substance to the Joint Access Proposal filed by the Rural Telephone Company Coalition ("RTCC"), the United Telephone Company of Pennsylvania, d/b/a Sprint ("Sprint"), the Office of Consumer Advocate ("OCA"), the Office of Small Business Advocate ("OSBA") and the Office of Trial Staff ("OTS") (the "RTCC/Sprint/OCA/OSBA/OTS Settlement"). The hallmark of that settlement is the requirement that any access reductions be offset through revenue-neutral increases to basic rates. Given that the Commission has explicitly recognized that Verizon's proposal for statewide access rates should also be revenue-neutral, Verizon submits that the Commission should adopt the same access reform mechanism for Verizon as has been proposed—and agreed to by a number of interested parties—for every other ILEC in Pennsylvania.

I. Background

A. The Merger Approval Order

1. By order entered November 4, 1999, this Commission approved the merger by which control of the ILEC

formerly known as GTE North, Inc. passed to Bell Atlantic Corporation, the parent of the ILEC formerly known as Bell Atlantic-Pennsylvania, Inc. GTE North, Inc. is now named Verizon North and Bell Atlantic-Pennsylvania, Inc. is now named Verizon PA.

2. Merger approval was contingent upon certain conditions, including those originally set forth in a Memorandum of Understanding ("MOU") with Pennsylvania's Attorney General. One of the MOU conditions was that "[w]ithin thirty months after merger closing, GTE-North and BA-PA will commence a proceeding for the purpose of determining statewide rates for access charges based upon consolidated cost studies. . . . Nothing in this agreement shall prohibit BA-PA and GTE-North from arguing in this combined access rate proceeding that any additional reductions which the PUC orders as a result of this new proceeding should be implemented *on a revenue neutral basis.*" MOU at paragraph 4 (emphasis added).

3. The Commission's Merger Approval Order stated as follows:

We also note that there is a significant issue in the MOU regarding a proceeding to determine statewide access charges for both GTE North and BA-PA. The MOU provides, in pertinent part, that within 30 months after the merger closing, the Joint Applicants will commence a proceeding for the purpose of developing access charge parity for both companies based on consolidated cost studies. Nothing in the MOU purports to prohibit BA-PA and GTE North from arguing in this combined proceeding that any additional reductions that the Commission orders should be implemented *on a revenue neutral basis.* The question of achieving access charge parity between BA-PA and GTE North was not an issue in the Global Order. However, in the *Global Order*, we have provided for an investigation to achieve permanent solutions to access charge reform on or about January 2, 2001. Given the substantial impact a proceeding based on consolidated cost studies may have on the ratepayers for BA-PA and GTE North, we shall direct that the 30-month period provided for in the MOU be "rolled-in" and made a part of the Commission's statewide investigation pertaining to access charges.¹

4. The merger closed on June 30, 2000. Therefore, Verizon is required to "commence a proceeding" to determine statewide access rates by December 31, 2002. This filing constitutes Verizon's compliance with this merger condition.²

B. The Statewide Access Investigation and the RTCC/Sprint/OCA/ OSBA/OTS Settlement

5. On December 16, 2002 the parties to the RTCC/Sprint/OCA/OSBA/OTS settlement filed a proposal to achieve access reductions offset by revenue neutral rate increases for the ILECs involved in the settlement, which constitute most or all of the non-Verizon ILECs in the state. The proposal has been agreed to by the public advocates—OCA, OSBA and OTS—who filed statements in support of the proposal.

6. This proposal was submitted in response to an October 24, 2001 Secretarial Letter and provisions in the *Global Order* relating to an investigation of statewide access charges.

7. The *Global Order* required such an access investigation to be undertaken, acknowledging as a policy matter

¹ Merger Approval Order at 36 (emphasis added).

² The consolidated cost studies referred to in the order have been performed and will be made available to intervening parties under the terms of an appropriate proprietary order entered in this proceeding.

that it is not simply a question of reducing access charges, but rather "implicit subsidies" must be replaced with "'explicit and sufficient' support mechanisms to attain the goal of universal service in a competitive environment."³

8. As discussed above, the Merger Order directed that the issue of Verizon's access charges and "the 30-month period provided for in the MOU be 'rolled-in' and made a part of the Commission's statewide investigation pertaining to access charges."

C. AT&T Complaint

9. On March 20, 2002 AT&T filed a formal Complaint against Verizon North, demanding that Verizon North's access charges be reduced to a level "no higher" than Verizon PA's.

10. Verizon answered and moved to dismiss the Complaint on April 11, 2002.

11. At its public meeting on December 19, 2002, the Commission determined not to dismiss the Complaint, but directed the parties in the first instance to attempt to resolve the dispute by settlement.

II. Verizon's Proposal

1. Attachment A sets forth Verizon's proposal for achieving statewide access rates. The proposal is modeled upon and virtually identical in substance to the RTCC/Sprint/OCA/OSBA/OTS Settlement proposal, filed with the Commission on December 16, 2002.

2. Like that settlement, Verizon's proposal provides for phased-in increases to weighted average basic rates to offset, in a revenue neutral manner, access reductions. The principal differences in Verizon's proposal are: (a) an end date of January 1, 2004 on step 2, so that the increases could be implemented after the expiration of applicable rate caps; (b) elimination of any reference to the Universal Service Fund; and (3) a provision allowing Verizon the option of making the offsets revenue neutral within the two companies viewed as a single entity, so that any rate increases can be spread over a much larger number of lines and thereby be made smaller.

3. The first step of the proposal allows the companies to align their access rate structures. The structure of the new rates will be based predominantly on Verizon PA's current intrastate rate structure, which is much closer to the interstate structure than Verizon North's (e.g., VZ North has not yet implemented Local Transport Restructure). Concurrent with this alignment, Verizon may include aspects of the recent interstate access reform (e.g. trunk ports) that are not yet reflected in Verizon PA's intrastate rate structure. Verizon PA's and Verizon North's access customers will experience broad, but familiar, changes to their access rate structure.

4. Steps 2 and 3 of the Verizon proposal, like the RTCC/Sprint/OCA/OSBA/OTS Settlement proposal, are triggered by the current level of the ILEC's weighted average R-1 rates. Those weighted average R-1 rates for each Verizon ILEC, calculated in the manner that Verizon understands was used for purposes of the RTCC/Sprint/OCA/OSBA/OTS settlement, are approximately \$13.50.

5. The proposal's Step 2 would allow each Verizon entity up to January 1, 2004 to raise its weighted average R-1 rates to \$15 and to make offsetting access reductions. If further access reductions are deemed necessary, Step 3 would allow the companies to raise their weighted aver-

age R-1 rates to \$17. So long as the off-setting increases are spread across both companies, Verizon does not anticipate that the weighted average R-1 rates would need to be increased to \$17.

6. Proprietary Attachment B shows the amount of revenue that would have to be offset, first, if Verizon North's access rates are restructured and reduced to approximately equal Verizon PA's current access rates (leaving both companies with the \$0.63 carrier charge currently applicable to Verizon PA) and second, if both companies' access rates are further reduced by complete elimination of the carrier charge.

7. Proprietary Attachment C shows the maximum increase to R-1 rates that would be required to offset the access reductions in each of these scenarios described in Attachment B, assuming that the revenue increases are spread evenly across the residential lines of both companies. While the proposal incorporates a great deal of flexibility in how to structure the offset, including allowing a certain level of increases on business rates at the ILEC's sole option, the examples in Attachment C are intended to give an idea of the order of magnitude of the maximum R-1 increase under the parameters of the proposal.⁴

8. Verizon notes that the Merger Order's requirements as to what the Verizon access rates should be as a result of this proceeding are not entirely clear. While the MOU mentions "statewide" rates and the order mentions "parity," neither expressly requires the rates to match each other exactly. Moreover, even if matching were required, it would be a reasonable interpretation that such matching could be achieved by merging the companies' rate structures and raising Verizon PA's access rates to achieve revenue neutrality. Nonetheless, Verizon PA has proposed a mechanism by which the Commission could reduce Verizon North's rates to the current level of Verizon PA's rates, and could further reduce both companies' rates by entirely eliminating the carrier charge. It is an absolute condition of Verizon's agreement to such reductions that they be offset by revenue neutral rate increases. By making this proposal in the interest of resolving this matter and allowing for a uniform mechanism of ILEC access reform, Verizon does not waive its right to oppose access reductions should any of the material conditions of Verizon's proposal not be accepted.

III. Conclusion

For the foregoing reasons, Verizon requests that the Commission open a proceeding to address statewide access rates for Verizon PA and Verizon North, and resolve that proceeding by adopting the proposal contained in Attachment A.

In keeping with the Commission's handling of such issues in the past (including its direction for negotiation of the AT&T Complaint), Verizon suggests that the Commission set a short schedule for interested parties to intervene in the proceeding and then set a 60 day time period for the parties to discuss settlement before submitting this matter to the Office of Administrative Law Judge for formal resolution.

³Joint Petition of Nextlink Pennsylvania, Inc., No. P-00991648-1649 (Opinion and Order entered September 30, 1999) ("Global Order") at 26-27.

⁴Estimated revenue impacts are based on annualized volumes during the 2002 time period and the interstate rates effective July 2, 2002. Access line counts are also based on current data. Verizon reserves the right to update the amount of the proposed rate changes in steps 2 and 3 based on the volumes, line counts and the interstate rates current at the time of implementation. In addition, if, based on Verizon's consolidated cost studies, the resulting access rates are determined to be below cost, Verizon reserves the right to change access rates such that rates exceed costs, plus provide a reasonable level of contribution.

Attachment A

Verizon's Access Proposal in Response to a Merger Requirement and the Commission's Access Charge Investigation—Phase II

Defined Terms

As employed herein, the following terms shall have these specified meanings:

"ILEC" means Verizon Pennsylvania Inc. ("Verizon PA") or Verizon North Inc. ("Verizon North") (collectively "Verizon").

Elements of Proposal

1) Step 1: If an ILEC's intrastate traffic sensitive (TS) rates exceed its interstate TS rates, the ILEC may, at its sole discretion, lower its intrastate TS rates to match or move closer to its interstate TS rates, and simultaneously increase its Carrier Charge (CC) by a corresponding revenue neutral amount using the 12 months ended August 31, 2002, or the most current 12 month period, thereby creating a revised CC. An ILEC may, at its sole discretion, lower its intrastate TS rates to match or move closer to its interstate TS rates, and simultaneously increase its Carrier Charge (CC) by a corresponding revenue-neutral amount, again in 2004, using a recent 12 month period, thereby creating a further revised CC. All references to CC herein shall be to the then current revised CC if the ILEC has chosen to implement this element of the proposal. Concurrent with this TS rate reduction, the ILECs will align their intrastate switched access rate structure with the current interstate switched access rate structure.⁵

2) Step 2: Pursuant to an Order entered adopting this access proposal without modification, and after notice through bill insert, bill message or separately mailed notice to all customers at least 30 days prior to the date of any rate change, each ILEC will increase local rates, based upon a one-day tariff compliance filing, to be effective on a date between January 1, 2003 and January 1, 2004 (as to be determined at the sole discretion of the individual ILEC) as follows:

(a) Each ILEC with a weighted average R-1 rate below \$10.83 as of December 31, 2002, will increase its R-1 rates in a manner to achieve a weighted average R-1 rate of \$11. If the increase results in R-1 rates greater than 150% of the current rate, then the increase shall be implemented in two steps, the second of which shall become effective no later than January 1, 2004. This increase shall be subject to the Company's Chapter 30 Plan rate rebalancing limitation with respect to the limitation on calendar year per line increases, i.e. not

⁵The restructure will include the implementation of Local Transport Restructure by Verizon North and the introduction by both Verizon PA and Verizon North of items, such as trunk ports, currently found in the interstate rate structure.

more than \$3.50 per line per month in rate increases in any one year, but shall not be subject to any other Chapter 30 process or requirements. To the extent that any ILEC shall not be able to complete the required rate increase within any year, such rate increase may be deferred to the following year subject to the Company's Chapter 30 Plan rate rebalancing limitations. Any rate rebalancing in excess of that specifically referenced in Paragraph 2 shall be subject to the Chapter 30 Plan rate rebalancing process and requirements.

(b) Each ILEC with a weighted average R-1 rate between \$10.83—\$12 as of December 31, 2002, will increase its R-1 rates in a manner to achieve a weighted average R-1 rate of \$13.50.

(c) Each ILEC with a weighted average R-1 rate between \$12.01—\$14 as of December 31, 2002, will increase its R-1 rates in a manner to achieve a weighted average R-1 rate of \$15.

(d) Each ILEC with a weighted average R-1 rate between \$14.01—\$16 as of December 31, 2002, will increase its R-1 rates in a manner to achieve a weighted average R-1 rate of \$16.

(e) Each ILEC may, at its sole option, increase its weighted average Business line rate by up to the same amount on a dollar basis that its weighted average R-1 rate is increased, but in no event may the B-1 rate be less than the R-1 rate.

3) Step 3: Pursuant to an Order entered adopting this access proposal without modification, and after notice through bill insert, bill message or separately mailed notice to all customers at least 30 days prior to the date of any rate change, each ILEC may increase local rates, based upon a one-day tariff compliance filing, to be effective on a date between January 2, 2004 and December 31, 2004 (as to be determined at the sole discretion of the individual ILEC) as follows:

(a) Each ILEC with a weighted average R-1 rate of \$11 (or less) as of January 1, 2004 (as described and calculated in Step 2 above) may increase its R-1 rates in a manner to achieve a weighted average R-1 rate of \$13.50.

(b) Each ILEC with a weighted average R-1 rate of \$13.50 as of January 1, 2004 (as described and calculated in Step 2 above) may increase its R-1 rates in a manner to achieve a weighted average R-1 rate of \$15.

(c) Each ILEC with a weighted average R-1 rate of \$15 as of January 1, 2004 (as described and calculated in Step 2 above) may increase its R-1 rates in a manner to achieve a weighted average R-1 rate of \$17.

(d) Each ILEC with a weighted average R-1 rate of \$16 as of January 1, 2004 (as described and calculated in Step 2 above) may increase its R-1 rates in a manner to achieve a maximum weighted average R-1 rate of \$18.

(e) Each ILEC may, at its sole option, increase its weighted average Business line rate by up to the same amount on a dollar basis that its weighted average R-1 rate is increased, but in no event may the B-1 rate be less than the R-1 rate.

Any rate rebalancing in excess of that specifically referenced in Paragraphs 2 and 3 shall be subject to the Chapter 30 Plan rate rebalancing process and requirements.

4) The monthly \$16.00 cap on R-1 average rates established in the *Global Order* and any ILEC-specific weighted average rate cap which may have been established in any individual ILEC's Chapter 30 Plan will be

increased for all ILECs to the weighted average \$18.00 cap for a minimum three (3) year period January 1, 2004 through December 31, 2006.

5) Pursuant to an Order entered adopting this access proposal without modification, each ILEC shall have the right, in whole or in part, in lieu of raising local service rates as provided in Paragraphs 2 and 3 hereof to raise rates on other services by an equivalent amount, based on a one-day tariff compliance filing.

6) To offset the increase to local rates described above in Paragraphs 2 and 3, each ILEC will file a compliance tariff(s) to reduce its CC or TS rates, or any combination thereof, by a revenue-neutral amount (depending upon changes undertaken in Paragraph 1, above), effective on dates consistent with the increases in Paragraphs 2 and 3. For purposes of this revenue neutrality requirement, the ILECs shall be considered as one entity and the implementation of this proposal may be revenue neutral within the combined Verizon entity as a whole or within each individual Verizon ILEC, at the ILECs' sole discretion. The implementation of the local service rate increases as provided in Paragraphs 1, 2 and 3 would allow Verizon to achieve access charge parity between the two companies.

7) On/or after January 1 of each year beginning in 2005 each ILEC may request such rate changes or rate rebalancing as are permitted by any Chapter 30 Plans and/or applicable statutory and regulatory provisions.

Conditions of Proposal

1) Each ILEC reserves the right, subject to Chapter 30 Plan requirements, to change its access rates to ensure that each access rate element at least recovers its cost and the ILEC's service price index continues to be equal to or less than the ILEC's price stability index, in the event the ILEC's access rates are determined to be below cost based upon the development of a cost study.

2) This proposal is made in its entirety and no part hereof is valid or binding unless all components are accepted. Should any part be specifically modified or otherwise adversely impacted at any later date as to any ILEC, the ILEC shall have full unilateral rights to withdraw the proposal or revisit the proposal at its sole discretion. This proposal is put forward by Verizon to meet a merger requirement and to settle the instant controversy and is made without any admission against or use that is intended to prejudice any positions which the ILECs might adopt during subsequent litigation, including further litigation in related proceedings. This proposal is conditioned upon the Commission's approval of all terms and conditions contained herein, except for the terms of this paragraph. If the Commission should fail to grant such approval or should modify the terms and conditions herein, this proposal may be withdrawn upon written notice to the Commission within five business days and, in such event, shall be of no force and effect. In the event that the Commission does not approve the Proposal or Verizon elects to withdraw as provided above and any proceeding continues, Verizon reserves the right to submit testimony or other pleadings and briefs in this or a related proceeding.

3) Elements of this Proposal shall constitute rate rebalancings or rate filings as defined and allowed under each ILEC's Chapter 30 Plan only to the extent of determining the maximum amount of an increase allowed per year, but shall not preclude the filing of one additional rate restructuring/rebalancing filing in the calendar year so long as the total rate rebalancing rate

increases do not exceed the maximum annual increase allowed and comply with other Chapter 30 Plan limitations and requirements. That is, implementation of proposed Paragraphs 2, 3 and 5 under Elements of Proposal are not considered rate rebalancings under the Chapter 30 Plans except in determining the maximum limitation on per year line rate increases to monthly dial tone rates. The ILECs retain all other rights under the approved Chapter 30 Plan to implement or oppose all rate rebalancings and other rate filings permitted under its Chapter 30 Plan. The ILECs reserve all rights in any proceedings relative to Chapter 30.

4) Increases to weighted average business rates on a dollar basis will be less than or equal to the increases to weighted average residential rates on a dollar basis.

5) This access proposal will be revenue neutral relative to the ILECs implementing a rate change. Absolutely no changes shall be required which are not revenue-neutral. Other access reductions that are not revenue neutral are permissible at the ILEC's sole option, but not required. For purposes of this revenue neutrality requirement, Verizon PA and Verizon North shall be considered as one entity and the implementation of this access proposal may be revenue neutral within the combined Verizon entity as a whole, or within the individual Verizon ILEC, at the ILECs' sole discretion.

Complaint

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Hermann Transportation Services, 9 Distribution Way, South Brunswick, NJ 08852; Doc. No. C-02

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Hermann Transportation Services, respondent, maintains its principal place of business at 9 Distribution Way, South Brunswick, New Jersey 08852.
2. That, on the date of the violation alleged in this complaint, respondent did not hold a certificate of public convenience issued by this Commission.
3. That respondent, on June 10, 2002, at approximately 10:15 a.m., at Exit 37 (I-476), Pittston Township, Luzerne County, Pennsylvania, permitted a certain 1996 Volvo truck bearing New Jersey License No. AE529J, Vehicle Identification No. 4V4WDBJF3TN713001, to be operated. At that time, Enforcement Officer Andrew J. Turriziani found said vehicle to be transporting furniture from J C Penney Co., Inc., 905 Wheeler Way, Langhorne, Bucks County, Pennsylvania to Cawley Brothers, 211 Birch Street, Scranton, Lackawanna County, Pennsylvania, without authority. Respondent was warned previously on April 7, 1999.
4. That respondent, in performing the act described in Paragraph 3 of this complaint, violated the Public Utility Code, 66 Pa.C.S. § 1101, in that respondent transported property for compensation between points in the Com-

monwealth of Pennsylvania while not then holding a certificate of public convenience issued by this Commission. Penalty is \$500.00.

WHEREFORE, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission fine Hermann Transportation Services, the sum of five hundred dollars (\$500.00) for the illegal activity described in this complaint and order such other remedy as the Commission may deem to be appropriate.

Respectfully submitted,

Michael E. Hoffman, Director

An answer is a written explanation of circumstances wished to be considered in determining the outcome. The answer shall raise all factual and legal arguments that you wish to claim in your defense and must include the reference number of this complaint. Your answer must be verified and the original and three (3) copies sent to:

James J. McNulty, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

B. If you fail to answer this complaint within twenty (20) days, the Bureau of Transportation and Safety will request that the Commission issue a Secretarial Letter imposing a penalty.

C. You may elect not to contest this complaint by paying the fine proposed in this complaint by certified check or money order. Payment must be made to the Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265. Your payment is an admission that you committed the alleged violation and an agreement to cease and desist from further violations. Upon receipt of your payment, the complaint proceeding shall be closed.

D. If you file an answer which admits or fails to deny the allegations of the complaint, the Bureau of Transportation and Safety will request that the Commission issue a Secretarial Letter imposing a penalty (see B).

E. If you file an answer which contests the complaint, the matter will be assigned to an administrative law judge for hearing and decision. The judge is not bound by the optional fine set forth in C, above.

Complaint

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Cumberland Transportation Corp.; Doc. No. A-00111133C02; A-00111133

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Cumberland Transportation Corp., respondent, maintains its principal place of business at P. O. Box 487, 5950 Fisher Road, East Syracuse, NY 13057.

2. That respondent was issued a certificate of public convenience by this Commission on April 27, 1994, at Application Docket No. A-00111133.

3. That respondent abandoned or discontinued service without having first submitted a letter to this Commission containing a statement that the service is no longer being rendered. Respondent has not reported intrastate revenue for the years 1999, 2000 and 2001.

4. That respondent, by failing to submit a letter to this Commission containing a statement that the service is no longer being rendered, violated 52 Pa. Code § 3.381(a)(5) and, by failing to maintain adequate, efficient and safe service and facilities, violated 66 Pa.C.S. § 1501.

WHEREFORE, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission revoke respondent's Certificate of Public Convenience at A-00111133.

Respectfully submitted,

Michael E. Hoffman, Director
Bureau of Transportation and Safety

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Advanced Distribution System, Inc.; Doc. No. A-00111987C02

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other Bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section

701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Advanced Distribution System, Inc., respondent, maintains its principal place of business at P. O. Box 28228, 4181 Arlingate Plaza, Columbus, OH 43228.

2. That respondent was issued a certificate of public convenience by this Commission on June 28, 1995, at Docket No. A-00111987.

3. That, on August 17, 2001, respondent was sent an initial assessment of \$71. Respondent failed to pay this assessment; therefore, a balance was due in the amount of \$71.

4. That respondent has an outstanding assessment of \$71.

5. That respondent failed to file objections to the assessment, pursuant to 66 Pa.C.S. § 510(c).

6. That respondent, by failing to pay the assessment, violated the Public Utility Code at 66 Pa.C.S. § 510(c).

WHEREFORE, unless respondent pays the overdue assessment in full within twenty days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission issue a Secretarial Letter which (1) cancels the Certificate of Public Convenience issued to respondent, (2) directs the Pennsylvania Department of Transportation to revoke the motor vehicle registration(s) issued to respondent, (3) notifies the Pennsylvania Department of Revenue that respondent's Certificate of Public Convenience has been revoked, (4) notifies respondent's insurance carrier that respondent's Certificate of Public Convenience has been revoked and (5) imposes an additional fine on the respondent.

Complaint

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Iron City Truck Service, Inc.; Doc. No. A-00102129C02; A-00102129; Fs. 1, 2

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. Iron City Truck Service, Inc., respondent, maintains its principal place of business at 575 Baldrige Avenue, N. Braddock, PA 15104.

2. Respondent was issued a certificate of public convenience by this Commission on June 11, 1982, at Application Docket No. A-00102129 Fs.1, 2.

3. That respondent abandoned or discontinued service without having first submitted a letter to this Commis-

sion containing a statement that the service is no longer being rendered. Respondent has not reported intrastate revenue for the years 1999, 2000 and 2001.

4. That respondent, by failing to submit a letter to this Commission containing a statement that the service is no longer being rendered, violated 52 Pa. Code § 3.381(a)(5) and, by failing to maintain adequate, efficient and safe service and facilities, violated 66 Pa.C.S. § 1501.

WHEREFORE, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission revoke respondent's Certificate of Public Convenience at A-00102129 Fs. 1, 2.

Respectfully submitted,

Michael E. Hoffman, Director
Bureau of Transportation and Safety

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Douglas Ralph Carey t/a D C Trucking, 841 Brickcrafters Road, New Oxford, PA 17350; Doc. No. A-00116236C02; A-00116236, F.2

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Douglas Ralph Carey, t/a D. C. Trucking, respondent, maintains its principal place of business at 841 Brickcrafters Road, New Oxford, Pennsylvania 17350.

2. That respondent was issued a certificate of public convenience by this Commission on March 30, 2001, at Application Docket No. A-00116236, F. 2.

3. That respondent, by Commission Secretarial letter dated February 12, 2001, was informed to submit a copy of a current satisfactory safety rating from the U.S. Department of Transportation or another state, within 180 days, or complete a safety fitness review by a Commission enforcement officer. On June 3, 2002, a safety fitness review was conducted by an enforcement officer of the Pennsylvania Public Utility Commission. As a result of that review, respondent's safety fitness evaluation was unsatisfactory. By letter dated July 10, 2002, respondent was notified that attempts to contact respondent by telephone to schedule a second safety fitness review had been unsuccessful. A satisfactory safety fitness rating must be achieved by respondent in order to maintain a certificate of public convenience to operate as a common carrier of property between points in the Commonwealth of Pennsylvania.

4. That respondent, by failing to achieve a satisfactory evaluation on their safety fitness review, violated 66

Pa.C.S. § 501(c) and, for failure to maintain adequate, efficient and safe service and facilities, violated 66 Pa.C.S. § 1501.

WHEREFORE, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission revoke Douglas Ralph Carey, t/a D. C. Trucking, certificate of public convenience at A-00116236, F. 2. Should respondent wish to again provide Pennsylvania intrastate transportation, the filing of a new application and a \$100 fee is required. The application and fee shall be filed with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

2003-1 Eligible Partnership Postsecondary Grant Application (EPPGA) guidelines are established to provide direction to eligible partnerships for submitting applications targeting the quality of teachers, principals and paraprofessionals. An eligible partnership that receives a grant under these EPPGA guidelines shall use the grant for designing and implementing a rural academy for Pennsylvania which provides assistance to local educational agencies (LEAs), their teachers, principals and paraprofessionals to ensure that they are able to use Pennsylvania's Mathematics and Reading, Writing, Speaking and Listening content standards and for using Pennsylvania System of School Assessment data to strengthen and enhance instructional practices for improving student academic achievement. The guidelines available at <http://www.pde.state.pa.us> define a partnership that is eligible to apply. The first rural academy funded under these guidelines will be conducted in the summer of 2003 and will be modeled after the Department of Education's Governor's Academy for Urban Education. Attendance at the February 7, 2003 pre-proposal conference by a representative of the partnership (potential applicant, regional site, LEA, IU, other) is a prerequisite to submitting an application.
